Modifications to the standard admission contract in accordance with this section must specify in substantially similar language that, by signing the standard admission contract, the resident of a nursing home or assisted housing program, the resident's agent and the nursing home or assisted housing program acknowledge the following obligations:

1. The nursing home or assisted housing program must explore whether the resident is financially eligible for MaineCare benefits and, if the resident is financially eligible, must refer the resident or the resident's agent to the appropriate regional office of the office for family independence within the Department of Health and Human Services for the purpose of filing an application for MaineCare benefits;

1 2. The nursing home or assisted housing program must timely request a MaineCare
2 eligibility assessment on behalf of the resident by submitting a completed referral form to
3 the department or its authorized agent when the nursing home or assisted housing
4 program has reason to believe that the resident is financially eligible for MaineCare
5 benefits;

6 3. The nursing home or assisted housing program must remind the resident or the

10 must document each quarterly reminder provided to the resident or the resident's agent;

11 4. The nursing home or assisted housing program must assist the resident or the
12 resident's agent in completing and filing an application for MaineCare benefits;

13 5. The resident or the resident's agent must make timely payment to the nursing
14 home or assisted housing program for the resident's care from the resident's resources that
15 are available for that purpose;

16 6. The resident or the resident's agent must notify the nursing home or assisted

20 the resident's application; and

21 7. As an alternative to their obligation to file an application for MaineCare benefits,
22 the resident or the resident's agent must authorize the nursing home or assisted housing
23 program to file an application for MaineCare benefits on behalf of the resident and timely
24 provide all necessary financial information to the nursing home or assisted housing
25 program or provide the nursing home or assisted housing program with all authorizations
26 necessary to secure this financial information, so that the nursing home or assisted
27 housing program may complete the application process on behalf of the resident.

28 The standard admission contract must provide that, if the resident's agent fails in the
29 agent's obligation to ensure that the nursing home or assisted housing program is timely
30 paid for the costs of the resident's monthly care or fails to perform any of the agent's
31 obligations described in the amended rule or otherwise required by law or rule, in
32 addition to any other legal remedy the nursing home or assisted housing program may
33 possess, the nursing home or assisted housing program may pursue a legal action against
34 the agent in Probate Court or District Court for review of the agent's performance. In
35 addition to any other relief that the nursing home or assisted housing program may
36 request from the court under such action, it must also include a request for attorney's fees
37 and costs.

38 Rules adopted pursuant to this section are routine technical rules as defined in the
39 Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A.'
