<u>§1011-C.</u> Privilege to submit a casino operator license application for a northern casino pursuant to competitive bidding

The privilege to submit an application to the board for a casino operator license for a casino in Washington County or Aroostook County is governed by this section.

1. Commission required to request statements from federally recognized Indian tribes. Prior to developing a request for proposals for the privilege to apply to the board for a casino operator license for a casino in Washington County or Aroostook County, the commission shall request a statement from each of the 4 federally recognized Indian tribes in the State with regard to their support of and interest in entering into a partnership agreement relative to the operation of or ownership in a casino, or both, and whether the tribe wishes not to be included in such a partnership.

2. Request for proposals to include tribal partnership. A request for proposals
developed by the commission must require a partnership agreement with all of the tribes
that provided a statement under subsection 1 to the commission indicating that they

wished to be included in a partnership for the operation of or ownership in a casino, except that the commission may not submit a request for proposals if more than 2 of the federally recognized Indian tribes in the State provided a statement under subsection 1 to the commission indicating that they do not wish to be included in such a partnership.

3. County approval. If the voters of either Washington County or Aroostook County, or both, approve the operation of a casino pursuant to a referendum held in accordance with section 1011-A, the commission shall develop a request for proposals designed to encourage vigorous bidding for the purpose of awarding one bidder the privilege to submit an application to the board for a casino operator license. The commission shall request bids for the privilege to submit an application to the board for one casino to be operated in either Washington County or Aroostook County, except that bids may not be requested for a proposal in a county in which the voters rejected the operation of a casino.

4. Information to bidders. A request for proposals developed by the commission must instruct potential bidders to propose the scope of the gambling facility and amenities to be offered in conjunction with the facility and how the proposed casino will establish a socially responsible, economically successful business for the operator, considering license fees, minimum capital investment requirements, regulatory standards and required rates of revenue distribution. The request for proposals must list the federally recognized Indian tribes in the State that provided a statement under subsection 1 to the commission indicating that they wished to be included in a partnership for the operation of or ownership in a casino and require a bid submission to include a partnership agreement that includes each of the tribes listed.

Consideration of bids for privilege to submit casino operator license <u>5.</u> application to the board for a northern casino. A bidder seeking award of the privilege to submit an application to the board for a license to operate a casino in Washington County or Aroostook County shall comply with the requirements determined by the commission, including the requirement that proposals include a partnership with at least 2 federally recognized Indian tribes in the State regarding operation of the casino or ownership in the casino, or both. The commission shall require that a proposal for the privilege to submit an application to the board for the operation of a casino include a nonrefundable application fee of \$100,000 and an agreement to pay the costs of the board for processing an application and performing background investigations, as described in section 1018, subsection 1, if awarded the privilege to submit an application to the board for a license to operate a casino. The commission shall ensure that the request for proposals clearly identifies the deadline for submission and all bid requirements. The commission shall follow, as nearly as practicable, the provisions governing competitive bidding prescribed by Title 5, chapter 155, subchapter 1-A and rules adopted pursuant to that subchapter.

Economic development factors, including: 17 (1) The bidder's plan to be part of or enter into a partnership with 2 or more 18 federally recognized Indian tribes in the State and the extent to which the 19 proposed gambling facility will maximize employment opportunities and 20 economic benefits for all federally recognized Indian tribes in the State; 21 (2) The bidder's workforce development plan and the extent to which it will 22 maximize use of the region's existing labor force; 23 (3) The impact on economic development, existing and planned, in the region of 24 the proposed gambling facility; and 25 (4) Other factors, properly disclosed in the commission's request for proposals, 26 that the commission determines to be relevant; 27 C. (5) Other factors, properly disclosed in the commission's request for proposals, that the commission determines to be relevant; and

D. Factors other than those listed in paragraphs A to C, including:

(1) The bidder's plan to identify, address and minimize the potential for and existence of negative consequences associated with gambling and the operation of the bidder's proposed facility, including, but not limited to, a financial commitment to efforts to address problem gambling prevention, intervention, treatment and research;

(2) The effects, both positive and negative, that can be reasonably anticipated to be experienced by the municipality in which the proposed gambling facility is located and the communities in the region; and

(3) The likelihood that the bidder will meet the casino operator license requirements described in section 1016.

7. Bid award factor priorities; northern casino. The commission shall develop a system of assigning points to the factors required to be considered under subsection 6. The commission is authorized to hire or enter into a contract with vendors experienced in evaluating business plans for large-scale development and the effects of development on the local and regional economies to assist with the consideration of bids and development of the point system required by this subsection. The commission shall request, and take into consideration when awarding a bid, comment from members of the 4 federally recognized Indian tribes in the State for the purpose of determining which proposal provides the greatest employment opportunities and economic benefits to all of the 4 federally recognized Indian tribes. Development of a point system must ensure that factors that support the following are awarded the highest point value:

A. The maximum potential increase in employment opportunities and economic benefits for all federally recognized Indian tribes in the State; and

B. The representation and incorporation by the proposed casino of the character of the State generally and, in particular, the character of the surrounding region consistent with historic uses, local planning and zoning requirements.

8. Notice of award. Upon award of the privilege to submit an application for a casino operator license to the board, the commission shall identify in a document provided to all bidders and posted on the board's publicly accessible website how the successful bidder's proposal supported the priorities described in subsection 7.

9. Contract required; northern casino. A person who is selected as the winning bidder for the privilege to submit an application to the board for a casino operator license shall agree to enter into a contract with the commission that obligates the casino operator to the proposals made in the bid submitted in accordance with this section. In addition, the contract must include:

A. A framework of reasonable financial penalties for failure of the casino operator to comply with the terms of the contract and the circumstances under which failure to comply with terms of the contract justifies withholding all net slot machine income and net table game income until the terms of the contract are satisfied;

Page 4 - 127LR1572(20)-1

SENATE AMENDMENT " **B** " to COMMITTEE AMENDMENT "E" to H.P. 876, L.D. 1280

B. Disclosure of partnership agreements with at least 2 of the federally recognized Indian tribes in the State and a framework of compensation to be paid to the parties in the partnership for failure to abide by those agreements;

C. An agreement that, regardless of whether the casino is operated on land owned by a federally recognized Indian tribe, tribal reservation land, tribal territory or land held in trust by a tribe, the casino is subject to the provisions of this chapter and the laws of the State, generally; and

D. Annual reinvestment requirements that direct the casino operator, beginning no sooner than 5 years after commencing operation of slot machines at the casino, to either make capital improvements to the casino facility or deposit with the board, in an account described in section 1018, subsection 2-D, an amount no less than 2% but no greater than 3% of net slot machine income and net table game income generated by the casino during the previous year.

The commission shall consult with the Office of the Attorney General during the negotiation and execution of the contract. The contract must be approved by the Attorney General. The casino operator license issued by the board does not take effect and the board may not accept the license fee required under section 1018, subsection 1, paragraph C-3 until the contract is executed.

10. Entity that is not federally recognized tribe may submit bid; expert analysis may be required. Nothing in this section precludes an entity that is not a federally recognized Indian tribe from submitting a bid to the commission as long as the entity that is not a federally recognized Indian tribe has entered into a partnership agreement with the federally recognized Indian tribes that provided a statement to the commission under subsection 1 indicating that they wished to be in a partnership for the operation of or ownership in a casino. The commission may require submission of documented expert analysis from a bidder to support the proposals submitted by the bidder.'

SUMMARY

This amendment establishes a competitive bid process for a casino in either Washington County or Aroostook County, the operation of which is to maximize economic and employment benefits for the 4 federally recognized Indian tribes in the State, known as the northern casino. The Casino Development Commission is directed to develop a request for proposals for the privilege to submit an application to the Department of Public Safety, Gambling Control Board for a casino operator license. Prior to the commission's submitting a request for proposals for a northern casino operator license, voters would have to approve the operation of a casino by a countywide referendum. The referendum must be held on the same date as a statewide election and no sooner than June 1, 2017 and no later than July 1, 2018. The fee to submit a bid to the commission is \$100,000 for a northern casino. It provides for specific supporting information to be submitted by the bidder and considered by the commission including the bidder's ability to make a minimum capital investment of \$20,000,000 for a northern casino. The bid for a northern casino requires a partnership with at least 2 federally recognized Indian tribes in the State.

For the northern casino, the commission is directed to develop a point system for the factors to be considered in evaluating proposals and give priority to proposals that maximize the employment and economic benefits to federally recognized Indian tribes in the State. The winning bidder must enter into a contract with the commission that obligates the casino operator to abide by the proposals made in the winning bid. Failure to abide by the terms of the contract could result in financial penalties to the operator.

The license fee for a northern casino under the amendment is \$1,000,000 for a 5-year term with a renewal fee of \$100,000.

Page 9 - 127LR1572(20)-1

SENATE AMENDMENT "B" to COMMITTEE AMENDMENT "E" to H.P. 876, L.D. 1280

The amendment sets the distribution of net slot machine revenue for the northern casino at 46% and sets the distribution of net table game revenue for the casino at 16%. The bill authorizes the Joint Standing Committee on Veterans and Legal Affairs to submit legislation establishing a distribution of the slot machine and table game revenue required to be paid by the casino.

Under current law, 4% of net slot machine income must be forwarded to the tribal governments of the Penobscot Nation and the Passamaquoddy Tribe, unless those tribal governments own or receive funds from a slot machine facility or casino, other than the casino located in Oxford County or the slot machine facility in Bangor, in which case the tribal governments are not due any of the net slot machine income. This amendment removes that disqualification, allowing those tribal governments to receive net slot machine income even if they own or receive funds from a slot machine facility or casino.

Fiscal Detail and Notes

If Washington and Aroostook counties choose to hold referendums during the state primary election in June 2016, the Department of Secretary of State would need a General Fund appropriation of \$11,772 for ballot printing costs and postage. If the counties elect to hold referendums during the general election in November 2016, the Department of Secretary of State would need a General Fund appropriation of \$14,464 for ballot printing costs and postage only if the , questions require printing a separate ballot.

The bill creates a commission to use a competitive bid process to award the privilege to apply for a casino to a single applicant. Bidders will pay a \$100,000 bidding fee to win the right to be the applicant. Any bidding fees will be credited to the General Fund. The Gambling Control Board will accept an application for a casino license in either Aroostook County or Washington County from the winning bidder as long as the voters of the county where the proposed casino will be located have voted to approve a casino. Only one casino, in either Aroostook or Washington County, may be licensed. The Department of the Attorney General will also require a General Fund appropriation of \$63,354 in fiscal year 2016-17 for one part-time Assistant Attorney General position dedicated to the Casino Development Commission.

The facility would be taxed at the rate of 46% of net slot income and 16% of net table game income. The bill requires a casino, beginning no sooner than 5 years after operation of slot machines, to make capital improvements to the casino using 2% to 3% of both net slot machine and net table game income or direct those funds to the Gambling Control Board. This fiscal note assumes that the facility will not direct these funds to the Gambling Control Board. The bill limits the number of slot machines to 250 for the first 3 years of the casino's operation, then allows 350 slot machines after that. 250 slot machines and 10 table games for the first 3 years of the casino's operation would generate estimated annual revenue of \$7,166,711 credited to the Gambling Control Board. 350 slot machines and 10 table games starting in the fourth year of the casino's operation would generate estimated annual revenue of \$9,804,000 for the Gambling Control Board. This revenue will be retained within the board until the Legislature decides on a distribution.

Each non-refundable bid proposal will generate \$100,000 in General Fund revenue. The casino operator license will bring in General Fund revenue of \$1,000,000 in the first year and registration fees of \$100 per slot machine and per table game will generate Other Special Revenue Funds revenue of \$36,000 annually. A one-time renewal fee due five years after the casino begins operating will generate Other Special Revenue Funds revenue of \$100,000. Annual State costs associated with 5 inspectors, an auditor and other related expenses are estimated to be \$523,510. The Department of Public Safety will require Other Special Revenue Funds allocations of \$523,510 to cover the annual state costs.

Under current law, 4% of net slot machine income from Oxford Casino is directed to the Penobscot Nation and the Passamaquoddy Tribe unless they receive funds from a slot machine facility or casino other than Oxford Casino or Hollywood Casino, in which case Oxford Casino would retain the 4% of net slot machine income. This amendment allows the Penobscot Nation and the Passamaquoddy Tribe to receive the 4% regardless of whether they receive revenue from casinos other than Oxford or Hollywood. This results in an estimated annual revenue increase of \$2,527,134 to the tribes.

This legislation is expected to have only a minor impact on revenues generated by the Hollywood and Oxford casinos.
