28 If persons issued licenses under this section collectively exceed the overall annual quota
29 allocated to those persons pursuant to paragraph B, the number of pounds by which the
30 license holders exceeded that overall annual quota must be deducted from the following
31 year's overall annual quota allocated to persons licensed under this section. If the overage
32 exceeds the overall annual quota allocated to persons licensed under this section for the
33 following year, the overage must be deducted from the overall annual quota allocated to
34 persons licensed under this section in subsequent years until the entire overage has been

26 records on forms supplied by the department that identify each harvester from which
27 elvers were purchased and the amount of elvers purchased from each harvester and each
