

127th MAINE LEGISLATURE

FIRST REGULAR SESSION-2015

Legislative Document	No. 1355
H.P. 923	House of Representatives, April 21, 2015

An Act To Improve Residential Renewable Energy Use

Reference to the Committee on Energy, Utilities and Technology suggested and ordered printed.

R(+ B. Hunt

ROBERT B. HUNT Clerk

Presented by Representative POULIOT of Augusta. Cosponsored by Senator WOODSOME of York and Representatives: DION of Portland, GIDEON of Freeport, HIGGINS of Dover-Foxcroft, MARTIN of Eagle Lake, O'CONNOR of Berwick, TIPPING-SPITZ of Orono, WADSWORTH of Hiram, Senator: MASON of Androscoggin.

H.P. 923

- 1 Be it enacted by the People of the State of Maine as follows:
- 2 Sec. 1. 35-A MRSA §3218 is enacted to read:

3 §3218. On-bill financing of certain projects

4 A transmission and distribution utility may provide to residential or small commercial 5 customers on-bill financing of customer costs of installing solar energy systems in accordance with rules adopted by the commission. The rules must establish standards 6 7 and an approval process for the transmission and distribution utility to offer financing and 8 must limit eligibility to solar energy systems that would qualify the customer for net energy billing under the commission's rules adopted pursuant to section 3209-A. All 9 costs of financing must be recovered from the customer receiving the financing. Rules 10 adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 11 375, subchapter 2-A. 12

13 Sec. 2. 35-A MRSA §10110-A is enacted to read:

14 §10110-A. Program for certain photovoltaic systems

15 The trust shall establish a program to provide technical and financial assistance to persons installing residential photovoltaic systems in accordance with this section. Only 16 17 a residential photovoltaic system that is able to supply energy to operate a heat pump system in the residence is eligible under the program. Notwithstanding section 10110, 18 the trust shall allocate to this program from one of the funds established pursuant to 19 20 sections 10109, 10110 and 10119 at least \$500,000 but no more than \$1,500,000 each 21 year. Financial assistance provided under the program may be in the form of customer rebates for the costs incurred in the installation of a residential photovoltaic system. 22

23

SUMMARY

24 This bill:

Allows a transmission and distribution utility to provide to residential or small
commercial customers on-bill financing of customer costs of installing solar energy
systems in accordance with rules adopted by the Public Utilities Commission; and

Directs the Efficiency Maine Trust to establish a program to provide technical and
financial assistance to persons installing residential photovoltaic systems that can supply
energy to operate heat pump systems in residences.
