Current biennium cost increase - General Fund

#### State Mandates

**Required Activity**

**Unit Affected**

School

**Local Cost**

Significant statewide

The required local activities in this bill may represent a State mandate pursuant to the Constitution of Maine. Unless General Fund appropriations are provided to fund at least 90% of the additional costs or a Mandate Preamble is amended to the bill and two-thirds of the members of each House vote to exempt this mandate from the funding requirement, municipalities may not be required to implement these changes.

#### Fiscal Detail and Notes

The Department of Education has indicated that it does not have the resources available to support local school administrative units with the transition to a blended system of graduation requirements. The ability of the department to implement the requirements of this legislation without impacting other programs and services it already provides can not be determined at this time.
