**SUMMARY**

This amendment replaces the bill. The amendment retains the provisions of the bill that create an owner-operator requirement in the scallop dragging and sea urchin dragging fisheries, but allows a person who fished with a family member in the 2017 fishing season on a boat the person does not own to continue fishing from that boat until the boat is no longer owned by that family member. The amendment also allows a person who does not meet the boat ownership requirements but who dragged for scallops or sea urchins and recorded landings in the 2017 fishing season on a boat the person does not own to continue fishing from that boat until January 1, 2020.

The amendment specifies that the prohibition against fishing for or taking scallops from April 16th to November 30th applies only to scallop dragging.

The amendment allows the holder of a sea urchin dragging license to possess gear used for scallop dragging on the boat identified on the sea urchin dragging license if that boat is also listed on any scallop dragging license and there are no scallops on that boat.
