8 animals or wild turkeys night or day when the wild animals or wild turkeys are located
9 within the orchard or crop where substantial damage caused by the wild animal or wild
10 turkey to the orchard or crop is occurring. For purposes of this section, corn is not
11 considered grain.

13 repealed and the following enacted in its place:

14 **4. Warden's certificate.** A game warden shall investigate the circumstances

SUMMARY

2 This bill requires the cultivator, owner, mortgagee or keeper of any orchard or
3 growing crop to obtain a certificate from a game warden in order to take or kill wild
4 animals or wild turkeys causing substantial damage to the orchard or crop. The game
5 warden must investigate the circumstances of the application for a certificate and may
6 issue the certificate if the game warden is satisfied that a wild animal or wild turkey is
7 causing substantial damage to an orchard or crop. The certificate must describe the
8 animals that may be taken or killed and the area where the animals may be taken or
9 killed. The certificate holder must notify residents within 1,000 feet of the boundary of
10 the area where the animals may be taken or killed that the certificate holder is authorized
11 to take or kill those animals in that area.
