43 school administrative unit by a private school is the rate established under subsection 1 or

1 the state average per public secondary student cost as adjusted, whichever is lower, plus  
2 an insured value factor. The insured value factor is computed by dividing 5% of the  
3 insured value of school buildings and equipment by the average number of pupils  
4 enrolled in the school on October 1st and April 1st of the year immediately before the  
5 school year for which the tuition charge is computed. From school year 2009-2010 to  
6 school year 2013-2014, a school administrative unit is not required to pay an insured

14 of the school's tuition rate per student. Beginning in the 2015-2016 school year, a school  
15 administrative unit is not required to pay an insured value factor greater than the amount  
16 of the prior school year's insured value factor adjusted by a percentage equal to the  
17 percentage change in the state share percentage of the total cost of funding public  
18 education in the prior school year as determined by section 15671, subsection 7,  
19 paragraph € D as compared to the applicable percentage for the current school year. In  
20 no case may the insured value factor be less than 6% or greater than 10% of the school's  
21 tuition rate per student, unless the legislative body of the school administrative unit votes  
22 to authorize its school board to pay an insured value factor that exceeds the amount  
23 otherwise permitted by this subsection by no more than 5% of the school's tuition rate per  
24 student. For the 2013-2014 school year only, the maximum allowable tuition charged to  
25 a school administrative unit by a private school that participates in the Maine Public  
26 Employees Retirement System must be increased above the amount otherwise permitted  
27 under this section by an amount equal to the calculated normal cost of teacher retirement

 13 commencing January 1st of each year is based upon the employer's experience rating  
 14 record and determined from the employer's reserve ratio, which is the percent  
 15 obtained by dividing the amount by which, if any, the employer's contributions  
 16 credited from the time the employer first or most recently became an employer,  
 17 whichever date is later, and up to and including June 30th of the preceding year,  
 18 including any part of the employer's contributions due for that year paid on or before

 20 by the employer's average annual payroll for the 36-consecutive-month period ending  
 21 June 30th of the preceding year. The employer's contribution rate is the percent  
 22 shown on the line of the following table on which in column A there is indicated the  
 23 employer's reserve ratio and under the schedule within which the reserve multiple  
 24 falls as of September 30th of each year. The following table applies for each 12-

28 **Sec. CCCC-5. 26 MRSA §1221, sub-§4-A, ¶B**, as amended by PL 2007, c.  
 29 352, Pt. A, §2, is further amended to read:

30 B. Subject to paragraph A, an employer's contribution rate for the 12-month period  
 31 commencing January 1st of each year is based upon the employer's experience rating  
 32 record and determined from the employer's reserve ratio. The employer's reserve  
 33 ratio is the percent obtained by dividing the amount, if any, by which the employer's  
 34 contributions, credited from the time the employer first or most recently became an  
 35 employer, whichever date is later, up to and including June 30th of the preceding  
 36 year, including any part of the employer's contributions due for that year paid on or  
 37 before July 31st of that year, exceed the employer's benefits charged during the same  
 38 period, by the employer's average annual payroll for the period of 36 consecutive  
 39 months ending June 30th of the preceding year. The employer's contribution rate is  
 40 determined under subparagraphs (1) to (8).

41 (1) The commissioner shall prepare a schedule listing all employers for whom a  
 42 reserve ratio has been computed pursuant to this paragraph, in the order of their  
 43 reserve ratios, beginning with the highest ratio. For each employer, the schedule  
 44 must show:

# COMMITTEE AMENDMENT

- 1 (a) The amount of the employer's reserve ratio;  
 2 (b) The amount of the employer's annual taxable payroll; and  
 3 (c) A cumulative total consisting of the amount of the employer's annual  
 4 taxable payroll plus the amount of the annual taxable payrolls of all other  
 5 employers preceding the employer on the list.

6 (2) The commissioner shall segregate employers into contribution categories in  
 7 accordance with the cumulative totals under subparagraph (1), division (c). The  
 8 contribution category is determined by the cumulative payroll percentage limits  
 9 in column B. Each contribution category is identified by the contribution  
 10 category number in column A that is opposite the figures in column B, which  
 11 represent the percentage limits of each contribution category. If an employer's  
 12 taxable payroll falls in more than one contribution category, the employer must  
 13 be assigned to the lower-numbered contribution category, except that an  
 14 employer may not be assigned to a higher contribution category than is assigned  
 15 any other employer with the same reserve ratio.

42 (3-A) Beginning January 1, 2008, the commissioner shall compute a reserve  
 43 multiple to determine the schedule and planned yield in effect for a rate year. The

# COMMITTEE AMENDMENT

1 reserve multiple is determined by dividing the fund reserve ratio by the average  
 2 benefit cost rate. The determination date is October 31st of each calendar year.  
 3 The schedule and planned yield that apply for the 12-month period commencing  
 4 on January 1, 2008 and every January 1st thereafter are shown on the line of the  
 5 following table that corresponds with the applicable reserve multiple in column  
 6 A.

7	A	B	C
8	Reserve	Schedule	Planned
9	Multiple		Yield
10	Over 1.58	A	0.6%
11	1.50 - 1.57	B	0.7%
12	1.42 - 1.49	C	0.8%
13	1.33 - 1.41	D	0.9%
14	1.25 - 1.32	E	1.0%
15	.50 - 1.24	F	1.1%
16	.25 - .49	G	1.2%
17	Under .25	H	1.3%

18 (4) The commissioner shall compute the predetermined yield by multiplying the  
 19 ratio of total wages to taxable wages for the preceding calendar year by the  
 20 planned yield.

21 (5) The commissioner shall determine the contribution rates effective for a rate  
 22 year by multiplying the predetermined yield by the experience factors for each  
 23 contribution category. Contribution category 20 in the table in subparagraph (2)  
 24 must be assigned a contribution rate of at least 5.4%. The employer's experience  
 25 factor is the percentage shown in column C in the table in subparagraph (2) that  
 26 corresponds with the employer's contribution category in column A, except that  
 27 the experience factors in column E must be used to determine the contribution  
 28 rates for rate years 2000 and 2001 and those in column D must be used for rate  
 29 years 2002 and 2003. Beginning January 1, 2018, for rate years when schedule A  
 30 is in effect as determined in subparagraph (3-A), the experience factor in  
 31 subparagraph (2) for contribution category 1 is assigned an experience factor of  
 32 0.00 in column C.

33 (6) If, subsequent to the assignment of contribution rates for a rate year, the  
 34 reserve ratio of an employer is recomputed and changed, the employer must be  
 35 placed in the position on the schedule prepared pursuant to subparagraph (1) that  
 36 the employer would have occupied had the corrected reserve ratio been shown on  
 37 the schedule. The altered position on the schedule does not affect the position of  
 38 any other employer.

39 (7) In computing the contribution rates, only the wages reported by employers  
 40 liable for payment of contributions into the fund and net benefits paid that are  
 41 charged to an employer's experience rating record or to the fund are considered in  
 42 the computation of the average benefit cost rate and the ratio of total wages to  
 43 taxable wages.

# COMMITTEE AMENDMENT

1 (8) Beginning January 1, 2008, all contribution rates must be reduced by the  
2 Competitive Skills Scholarship Fund predetermined yield as defined in section  
3 1166, subsection 1, paragraph C, except that contribution category 20 under this  
4 paragraph may not be reduced below 5.4%.

11 subsection 1 to the extent ~~that a licensee's~~ the use of tokens renders those records  
12 unnecessary for adequate control of the licensee's or registrant's games.

13 **3. Disposition of funds reports.** Within 10 business days after the last day of any  
14 period during which a licensed game ~~of chance~~ under this chapter is conducted ~~with other~~
