Amend the bill by striking out all of section 3.

Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment, like the bill, amends the definition of "practice of pharmacy." The bill changes the definition to include counseling related to tobacco cessation products. The amendment strikes that change and instead includes the ordering and dispensing of over-the-counter nicotine replacement products as part of the definition. It removes from the bill the provisions regarding reimbursement and rulemaking.
