15 **Sec. 7. 35-A MRSA §7308**, as enacted by PL 2007, c. 511, §1, is repealed.

16 **SUMMARY**

17 This bill updates the law regarding interstate and intrastate telecommunications  
18 access rates. The bill also repeals obsolete provisions of law requiring persons providing  
19 intrastate interexchange service to reduce their intrastate long-distance rates in the  
20 absence of effective competition, prohibiting mandatory local measured telephone  
21 service, prohibiting the Public Utilities Commission from requiring a local exchange  
22 carrier to consider competitive bids on the construction of an interexchange facility,  
23 prohibiting a telephone utility offering intrastate toll service from increasing prices  
24 without filing a tariff revision with the commission and providing subscribers written  
25 notice and prohibiting a provider of prepaid calling service from increasing rates on  
26 already purchased service and requiring notice to prepaid calling service consumers about  
27 differences between in-state and interstate service rates.
