128th MAINE LEGISLATURE

LD 780

LR 1298(02)

An Act Authorizing the Deorganization of Cary Plantation

Fiscal Note for Bill as Amended by Committee Amendment 'A' (H-592)

Committee: State and Local Government

Fiscal Note Required: Yes

Fiscal Note

Contingent future biennium savings - General Fund

Fiscal Detail and Notes

This bill will become effective only if approved by the voters of Cary Plantation at the next general election to be held in November. If approved, the deorganization of Cary Plantation would take effect on July 1, 2019.

For purposes of this analysis, all other factors in the calculation of the total cost of K-12 public education and the state's contribution are assumed to be held constant. Given this assumption, the deorganization of Cary Plantation will lower the total cost of K-12 public education beginning in fiscal year 2019-20 and result in savings to the General Purpose Aid for Local Schools program within the Department of Education. The amount of savings can not be determined at this time. For comparison purposes, the total cost allocation for Cary Plantation for the 2017-2018 school year is \$206,644 with the state contributing \$111,832 of that total.

The Division of State Schools - Education in the Unorganized Territories program in the Department of Education will incur future General Fund expenditures to provide services to the Unorganized Territories. These expenditures would be ongoing and would be to provide schooling to students from Cary Plantation. The cost can not be determined at this time, but is estimated to be approximately \$316,065 annually. The General Fund would be fully reimbursed for these costs by higher collections made through the Municipal Cost Component program.

Any additional costs incurred by Maine Revenue Services related to the deorganization of Cary Plantation can be absorbed within existing budgeted resources. The minor additional costs associated with the filing of certain election results can be absorbed by the Secretary of State utilizing existing budgeted resources.
