30 requirements for an accessible voting place as defined by section 630, subsection 1,
31 paragraph A, that is within view of persons present and allows for only authorized
32 persons to approach within 6 feet of the ballot box. The municipality must provide voting
33 booths as described in section 629. The restrictions of section 681, subsection 2 apply to
34 early voting in the same way as a polling place, even if there is no guardrail present. An
35 early voting ballot may be challenged in the same way as a regular ballot under section
36 673. The clerk shall create and maintain in the central voter registration system an
37 alphabetical list, by district, of the persons who were furnished ballots for early voting

39 voting. Except as provided in section 711, subsection 4, the ballot box must remain
40 sealed during the period of early voting and may not be unsealed for the remainder of the

1 time required for retention of ballots under section 23 unless the clerk transfers the ballots
2 to another sealed container pursuant to rules adopted by the Secretary of State. The clerk
3 shall deliver a ballot box used for early voting under this section to the polling place
4 pursuant to section 821 or in the same manner as a ballot box not used for early voting.

5 **2. Rules.** The Secretary of State shall adopt rules to carry out the purposes of this
6 section. Rules adopted pursuant to this subsection are routine technical rules as defined
7 by Title 5, chapter 375, subchapter 2-A.

9 This bill allows for municipalities to conduct early voting in person during the same
10 period as absentee voting. Early voting takes place in the municipal offices with the same
11 requirements and restrictions for polling places, voting booths, ballot boxes and ballot
12 challenges as for regular voting. At the end of early voting, the municipal clerk delivers
13 the sealed ballot boxes to the polling place as presently required by law.
