### SUMMARY

19           This bill adds to the protections of the victim notification laws by requiring victim  
20           notification of funeral and deathbed visits by prisoners, by adding to the definition of  
21           "victim" a person who has obtained from a court a protection from abuse order or  
22           received court approval for a protection from abuse consent agreement and by allowing  
23           victims to request notification directly from the Department of Corrections.

24           It allows a court to revoke the probation of an offender who has contact with a victim  
25           during incarceration if contact has been prohibited by a condition of probation or by the  
26           department.

27           It also eliminates 2 redundant statutory provisions regarding the department's Victim  
28           Services Coordinator and allows the Commissioner of Corrections to delegate supervision  
29           of the coordinator.
