HOUSE OF REPRESENTATIVES  
128TH LEGISLATURE  
SECOND REGULAR SESSION**

COMMITTEE AMENDMENT "A" to H.P. 1011, L.D. 1472, Bill, "An Act To Lower the Costs of Broadband Service by Coordinating the Installation of Broadband Infrastructure"

Amend the bill by striking out everything after the enacting clause and before the summary and inserting the following:

**Sec. 1. 35-A MRSA §2503, sub-§2**, as enacted by PL 1987, c. 141, Pt. A, §6, is amended to read:

**2. Notice.** The applicant may give public notice of the application by publishing its description of the proposed facility once in a newspaper circulated in the municipality or municipalities encompassing the limits of the proposed location. The applicant shall send a copy of any application filed with the Department of Transportation to the municipal clerk of each municipality in which the facilities are located, or to the clerk of the county commissioners in the case of facilities within an unorganized township, except that the applicant may, without publication of its application, place its facility described in its application on receipt of a permit from the licensing authority as may be otherwise provided. If a proposed facility is located underground and is in excess of 500 feet in length, the applicant shall, within 5 business days of submitting an application to the applicable licensing authority, provide the ConnectME Authority established in Title 5, section 12004-G, subsection 33-F a notice that includes a description and the location of the proposed facility.

**Sec. 2. 35-A MRSA §9204-A, sub-§6-A** is enacted to read:

**6-A. Notice of construction.** The authority shall disseminate information about a proposed underground facility that it receives in accordance with section 2503, subsection 2 in a manner that is accessible to all parties that may be interested in installing a broadband conduit in the area of the proposed underground facility.'

**SUMMARY**

This amendment replaces the bill. It requires an applicant for a permit for a proposed underground facility in excess of 500 feet in length to provide notice to the ConnectME Authority. Notice must include a description and the location of the proposed project and must be provided within 5 business days of submitting an application with the applicable licensing authority. The ConnectME Authority is required to disseminate the information it receives regarding the underground facility in a manner that ensures all parties that may be interested in installing a broadband conduit have access to that information.

## An Act To Lower the Costs of Broadband Service by Coordinating the Installation of Broadband Infrastructure

Fiscal Note for Bill as Amended by Committee Amendment "A" (H-643)

Committee: Energy, Utilities and Technology

Fiscal Note Required: Yes

---

### Fiscal Note

Minor cost increase - Other Special Revenue Funds

#### Fiscal Detail and Notes

Any additional costs for the ConnectME Authority as a result of new reporting requirements for proposed underground facilities more than 500 feet in length located in the public way and dissemination about those proposals to other parties interested in installing broadband conduit are anticipated to be minor and can be absorbed within existing budgeted resources.
