## Fiscal Note

Potential future biennium revenue decrease - Other Special Revenue Funds  
Minor cost increase - Other Special Revenue Funds

### Fiscal Detail and Notes

This bill establishes the regional greenhouse gas allowances the State can auction each year from 2021 to 2030. It also reduces certain "banked allowances" available from 2021 to 2025. These changes could reduce the amount of Other Special Revenue Funds revenue the Efficiency Maine Trust receives. As this revenue is dependant on future auctions, no estimate of the potential revenue loss is available at this time.

Any additional costs to the Efficiency Maine Trust to administer these changes are anticipated to be minor and can be absorbed within existing budgeted resources.
