(Filing No. H-472)

HEALTH AND HUMAN SERVICES

Reproduced and distributed under the direction of the Clerk of the House.

**STATE OF MAINE
HOUSE OF REPRESENTATIVES
129TH LEGISLATURE
FIRST REGULAR SESSION**

COMMITTEE AMENDMENT "A" to H.P. 140, L.D. 177, "Resolve, To Improve Access to Bariatric Care"

Amend the resolve by striking out everything after the title and inserting the following:

Emergency preamble. Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, this resolve requires the Department of Health and Human Services to develop a plan to provide up to 16 bariatric care beds in the State; and

Whereas, in developing the plan, the Department of Health and Human Services must begin the process of issuing a request for information before the 90-day period expires; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

Sec. 1. Department of Health and Human Services to develop a plan for specialized bariatric care beds. Resolved: That the Department of Health and Human Services, referred to in this resolve as "the department," shall develop a plan, by September 1, 2020, to provide up to 16 bariatric care beds in the State to serve individuals who are eligible for long-term care and need bariatric care. In developing the plan, the department shall do the following.

1. No later than August 31, 2019, the department shall issue a request for information to determine potential providers of nursing facility bariatric care beds. Potential providers must include behavioral health technology partners to provide appropriate behavioral health services to residents occupying bariatric care beds.

2. No later than October 31, 2019, the department shall review the responses to the request for information to inform the proposed amendment to rule Chapter 101:

MaineCare Benefits Manual, Chapter III, Section 67, Principles of Reimbursement for Nursing Facilities with respect to bariatric care beds.

3. No later than December 31, 2019, the department shall adopt rules with rate changes that build upon the resource utilization group system designed to capture the clinical intensity needs of residents occupying bariatric care beds. The rules must include appropriate body mass index requirements, an enhanced rate of reimbursement to nursing facilities for residents occupying bariatric care beds and up to 30 bed hold days for bariatric care residents experiencing hospitalization. The rules must also include direct billing to the department by providers of durable medical equipment, transportation and behavioral health services. Rules adopted pursuant to this section are routine technical rules as defined in the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A.

4. No later than March 30, 2020, the department shall issue a request for proposals to award contracts to provide bariatric care beds.

5. No later than June 30, 2020, the department shall award contracts under the request for proposals. Providers who are awarded contracts must offer bariatric care beds to appropriate residents no later than September 1, 2020 and receive enhanced reimbursement pursuant to rules adopted pursuant to subsections 2 and 3.

The department shall submit a report on progress, including any necessary legislation to establish the bariatric care beds and any required funding, to the Joint Standing Committee on Health and Human Services no later than January 1, 2020.

Emergency clause. In view of the emergency cited in the preamble, this legislation takes effect when approved.'

SUMMARY

This amendment replaces the resolve. It requires the Department of Health and Human Services to develop a plan to provide up to 16 new specialized bariatric care nursing facility beds by September 1, 2020. The amendment also adds an emergency preamble and emergency clause.

Fiscal Detail and Notes

The bill requires the Department of Health and Human Services to develop a plan and provide 16 new specialized bariatric care nursing facility beds by September 1, 2020. The department must issue a Request for Information (RFI) to determine potential providers of the service, adopt rules with rate changes for the service, issue a Request for Proposals (RFP) and award contracts based on the RFP's received. Prior to the RFI process and rate development, which would take into account issues such as: the individual's specific needs, the staffing required and specialized equipment needs, the department would not know which facilities will be available for the beds and what the final rates might be for the service. It is anticipated that this will create a significant fiscal impact. However, the amount of the that impact cannot be determined at this time.
