**STATE OF MAINE
HOUSE OF REPRESENTATIVES
129TH LEGISLATURE
FIRST REGULAR SESSION**

COMMITTEE AMENDMENT "B" to H.P. 216, L.D. 292, Bill, "An Act To Feed Maine's Residents by Allowing Dairy Dealers and Producers in the State To Donate Fresh Milk to Food Banks in the State"

Amend the bill by striking out everything after the enacting clause and inserting the following:

'Sec. 1. 7 MRSA §2964 is enacted to read:

§2964. Donations of fresh milk to food banks

The minimum price provisions of this chapter do not apply to donations of fresh milk processed within the State by a dealer or producer-dealer to an incorporated nonprofit organization within the State established for the purpose of reducing hunger and increasing food security. Donations under this section may occur only if the fresh milk processed within the State to be donated does not have a wholesale or retail market that will provide a higher monetary value to the dealer or producer-dealer.'

Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment, which is the minority report, strikes and replaces the bill. The amendment exempts from the Maine Milk Commission's minimum price requirements donations of fresh milk processed within the State by a dealer or producer-dealer to an incorporated nonprofit organization in the State established for the purpose of reducing hunger and increasing food security. The amendment also provides that these donations may occur only if the fresh milk processed within the State to be donated does not have a wholesale or retail market that will provide a higher monetary value to the dealer or producer-dealer.

Fiscal Detail and Notes

This bill exempts fresh milk processed in the State that is donated to nonprofit organizations established for the purpose of reducing hunger and increasing food security from the minimum price requirements of the Maine Milk Commission (MMC), if the donation does not have a wholesale or retail market that will provide a higher monetary value to the producer-dealer of fresh milk. Any additional costs to the MMC within the Department of Agriculture, Conservation and Forestry resulting from this exemption are anticipated to be minor and can be absorbed within existing budgeted resources.
