1 source to power an electric motor and uses a petroleum-based fuel to power an  
2 internal combustion engine.'

3 Amend the bill in section 1 in §10124 in subsection 1 by relettering the paragraphs to  
4 read alphabetically.

5 Amend the bill in section 1 in §10124 by striking out all of subsections 2 and 3 (page  
6 1, lines 16 to 37 and page 2, lines 1 to 9 in L.D.) and inserting the following:

7 **2. Fund established.** The Electric Vehicle Fund is established as a nonlapsing fund  
8 administered by the trust to transform markets toward the adoption of electric vehicles  
9 and to support the purchase of electric vehicles in the State. Any interest earned on funds  
10 in the fund must be credited to the fund, and funds not spent in any fiscal year remain in  
11 the fund to be used in accordance with this section. The trust may receive and deposit in  
12 the fund funds from the following sources:

13 A. Federal funds and awards that may be used for the purposes of this section;

14 B. Any interest earned on investment of fund balances; and

15 C. Any other funds from public or private sources received in support of the  
16 purposes for which the fund is established.

17 The fund may be used for the program and other uses consistent with the purposes for  
18 which the fund is established.

19 **3. Rebate program established; eligibility.** In accordance with the provisions of  
20 this section, the trust shall establish and administer a program that provides rebates for  
21 the purchase or lease of electric vehicles. A person may apply for and, as resources  
22 within the fund allow, receive a rebate for an electric vehicle, subject to eligibility  
23 requirements established by the trust. Eligibility criteria for the vehicle must include that  
24 the vehicle is: an eligible electric vehicle; purchased, or leased for a term of 36 months or  
25 more, in the State; and registered in the State. Eligibility requirements for the recipient of  
26 the rebate must include that the recipient attests to a commitment to retain ownership,  
27 whether through purchase or lease, of the eligible electric vehicle for at least 36 months  
28 from the date of purchase or lease. The trust may require a recipient of a rebate under this  
29 section who does not retain ownership of the eligible electric vehicle for at least 36  
30 months to repay the trust up to the full amount of the rebate.

31 The trust shall establish the rebate amount for each eligible electric vehicle. The trust  
32 shall establish rebate amounts that it determines most effectively increase the purchase of  
33 eligible electric vehicles. For each model of an eligible electric vehicle, the trust may  
34 establish different rebate amounts based on the size of the vehicle battery. The trust may  
35 establish different rebate amounts for the purpose of providing reasonable opportunity for  
36 participation in the program across different customer groups and geographic areas. The  
37 trust may establish reasonable limits on the number of rebates per vehicle or per person.'

38 Amend the bill in section 1 in §10124 in subsection 4 in the 3rd line (page 2, line 12  
39 in L.D.) by inserting after the following: "vehicles" the following: 'and rebates'

40 Amend the bill in section 1 by inserting after §10124 the following:

R. O. S.

1 **§10125. Electric Vehicle Charging Infrastructure Fund**

2 **1. Fund established.** The Electric Vehicle Charging Infrastructure Fund is  
3 established as a nonlapsing fund administered by the trust to increase the availability and  
4 effectiveness of electric vehicle charging infrastructure in the State. Any interest earned  
5 on funds in the fund must be credited to the fund, and funds not spent in any fiscal year  
6 remain in the fund to be used in accordance with this section. The trust may receive and  
7 deposit in the fund funds from the following sources:

- 8 A. Federal funds and awards that may be used for the purposes of this section;
- 9 B. Any interest earned on investment of fund balances; and
- 10 C. Any other funds from public or private sources received in support of the  
11 purposes for which the fund is established.'

12 Amend the bill by striking out all of section 2.

13 Amend the bill by relettering or renumbering any nonconsecutive Part letter or  
14 section number to read consecutively.

15 **SUMMARY**

16 This amendment makes the following changes to the electric vehicle rebate program  
17 and the associated fund established in the bill:

- 18 1. Adds plug-in hybrid electric vehicles to the definition of eligible electric vehicle;
- 19 2. Removes the requirement that an eligible vehicle be a "new" vehicle;
- 20 3. Limits the \$50,000 cap on the manufacturer's suggested retail price to vehicles that  
21 have a gross vehicle weight rating of 10,000 pounds or less;
- 22 4. Removes the program start date of July 1, 2020;
- 23 5. Removes the fixed rebate amount of \$2,500 and instead requires the Efficiency  
24 Maine Trust to determine the rebate amount, which may vary by the size of the vehicle  
25 battery. It also permits the trust to establish different rebate amounts to provide  
26 opportunities for participation in the program across different customer groups and  
27 geographic areas;
- 28 6. Revises the eligibility criteria regarding registration of a vehicle in the State;
- 29 7. Adds language to specify that the trust may set limits on the number of rebates per  
30 person or per vehicle;
- 31 8. Removes the provision of the bill that provides a \$500,000 General Fund  
32 appropriation to the Electric Vehicle Rebate Fund; and
- 33 9. Establishes the Electric Vehicle Charging Infrastructure Fund, administered by  
34 Efficiency Maine Trust, to increase the availability and effectiveness of electric vehicle  
35 charging infrastructure in the State.

Current biennium revenue increase - Efficiency Maine Trust

### Fiscal Detail and Notes

This bill establishes an electric vehicle rebate program to be administered by the Efficiency Maine Trust (EMT) and creates two funds, the Electric Vehicle Fund and the Electric Vehicle Charging Infrastructure Fund. The program and associated funds will receive revenue from federal funds or awards, the interest generated by these funds and from other public or private sources. It is anticipated that the revenue derived from these sources will be sufficient to fund the program activities outlined in the bill and the administrative costs of the program for the EMT.
