27 **SUMMARY**

28 This amendment strikes and replaces the bill, which is a concept draft. This  
29 amendment combines, clarifies and removes several inconsistencies in the laws  
30 governing the retail sale and taste testing of Maine-manufactured liquor at farmers'  
31 markets.

32 As in current law, under the amendment a licensed Maine small brewery, small  
33 winery or small distillery may conduct retail sales or taste-testing events at a farmers'  
34 market subject to the applicable bylaws of the farmers' market. The amendment clarifies  
35 that approval from the Department of Administrative and Financial Services, Bureau of  
36 Alcoholic Beverages and Lottery Operations and the municipality where the farmers'  
37 market will be held is required for both retail sales and taste-testing events. The  
38 amendment removes the provision of current law that limits to 2 the number of taste-  
39 testing events that may be held by a licensee at a farmers' market each month.

40 The amendment eliminates the provisions of current law that allow a Maine brewery,  
41 winery or distillery that produces more than 50,000 gallons per year, which is not

**COMMITTEE AMENDMENT**

1 authorized under current law to sell its products at a farmers' market, to conduct taste-  
2 testing events at a farmers' market.

3 The amendment also allows a licensed Maine brewery, small brewery, winery, small  
4 winery, distillery or small distillery that participates in a taste-testing event under the  
5 Maine Revised Statutes, Title 28-A, section 1052-D to conduct retail sales of malt liquor,  
6 wine or spirits produced by that manufacturer during the taste-testing event.
