This amendment changes Maine's standard time to what is commonly known as eastern daylight time year-round when federal law permits the District of Columbia and all states within the eastern time zone to observe eastern daylight time year-round and the District of Columbia and all the eastern time zone states do so. The amendment requires the Secretary of State to monitor legislative activity by the United States Congress, the District of Columbia and all the eastern time zone states regarding year-round eastern daylight time and provide public notice when each of the conditions is met. The amendment specifies the start date of year-round eastern daylight time and requires the Secretary of State to provide public notice of the effective date.
