21 **2. Entry upon lands.** The authority and its authorized agents and employees may  
22 enter upon lands, waters and premises in the State for the purpose of making surveys,  
23 soundings, drillings and examinations the authority determines necessary or convenient

25 damages its entry creates.

26 **3. Authority for transfers of interest in land to the authority.** Notwithstanding  
27 any contrary provisions of law, upon the authority's request, on reasonable and fair terms  
28 and conditions and without the necessity for advertisement, order of court or action or

3 within its jurisdiction. The board of trustees of the authority has the authority of a  
4 municipal legislative body for these purposes.

5           **1. Sewer services.** The authority may provide sewer services as a sanitary district  
6 under Title 38, chapter 11, subchapters 3 and 4. The authority may establish a board of  
7 trustees for the sanitary district and appoint the members of the board of trustees or may  
8 act as the board of trustees of the district.

10 a refuse disposal district under Title 38, chapter 17. The authority may establish a board

17 under Title 35-A, chapter 39. The authority may establish a board of trustees for the  
18 municipal electric district and appoint the members of the board of trustees or may act as  
19 the board of trustees of the district.

20           **5. Revenue-producing services.** The authority has all the powers of a municipality  
21 to provide services under Title 30-A, chapter 213.

24 regulate the operation of motor vehicles under Title 30-A, section 3009 to the extent that  
25 power is not inconsistent with other validly enacted municipal ordinances.

26           **2. Operating expenses.** The authority has all the powers of a municipality to raise  
27 and appropriate money under Title 30-A, sections 5722 and 5723.

28           **3. Zoning.** The authority may not adopt zoning or land use ordinances but may  
29 coordinate zoning and land use regulation with interested primary impact communities.

30           **4. Highway maintenance.** The authority may maintain, repair, plow and control  
31 public ways as a municipality under Title 23, Part 3. The authority shall consult and  
32 coordinate with Piscataquis County in appointing a road commissioner.

33           **§13090-U. Bonds**

34           **1. Hearing required.** The authority may issue bonds to finance its activities only  
35 after giving notice of the proposed issuance and its terms at least twice in a newspaper of  
36 general circulation in Piscataquis County and holding a duly advertised public hearing on  
37 the issuance.

1           **2. Credit of State pledged.** The authority may ask the State to issue bonds to  
2 finance the undertaking of any authorized activity under this article, those bonds to have  
3 the full faith and credit of the State. Before any such bonds are issued, they must be  
4 authorized by the Legislature and ratified by the electors in accordance with the  
5 Constitution of Maine, Article IX, Section 14. Subsections 1 and 3 and subsection 8,  
6 paragraphs A and B do not apply to bonds issued under this subsection.

7           **3. Authority.** The authority may issue bonds from time to time in its discretion to  
8 finance the undertaking of an authorized activity under this article, including but not  
9 limited to the payment of principal and interest upon advances for surveys and plans, and  
10 may issue refunding bonds for the payment or retirement of bonds previously issued.

11           **A.** The principal and interest of bonds must be made payable solely from the income,  
12 proceeds, revenues and funds of the authority derived from or held for activities  
13 under this article. Payment of the principal and interest of bonds may be further  
14 secured by a pledge of a loan, grant or contribution in aid of activities of the authority  
15 under this article and by a mortgage of an urban activity or a project or part of a  
16 project, title to which is in the authority.

17           **B.** Bonds issued under this section do not constitute an indebtedness within the  
18 meaning of any constitutional or statutory debt limitation or restriction and are not  
19 subject to other laws or charters relating to the authorization, issuance or sale of  
20 bonds. Bonds issued under this article are declared to be issued for an essential public  
21 and governmental purpose and, together with interest on and income from the bonds,  
22 are exempt from all taxes.

23           **C.** Bonds may not be issued by the authority until the authority has received a  
24 certificate of approval from the Finance Authority of Maine authorizing issuance of  
25 the bonds. Before issuing a certificate of approval under this section, the Finance  
26 Authority of Maine must determine that there is a reasonable likelihood that the  
27 income, proceeds, revenues and funds of the authority derived from or held for  
28 activities under this article or otherwise pledged to payment of the bonds will be  
29 sufficient to pay the principal, the interest and all other amounts that may at any time  
30 become due and payable under the bonds. In making this determination, the Finance  
31 Authority of Maine shall consider the authority's analysis of the proposed bond issue  
32 and the revenues to make payments on the bonds and may require such information,  
33 projections, studies and independent analyses as it considers necessary or desirable  
34 and may charge the authority reasonable fees and expenses. The issuance by the  
35 Finance Authority of Maine of a certificate of approval under this section does not  
36 constitute an endorsement of the bonds or the projects or purposes for which those  
37 bonds are issued.

38           **4. General characteristics.** Bonds authorized under this section may be issued in  
39 one or more series. The resolution, trust indenture or mortgage under which the bonds  
40 are issued may include the following:

41           **A.** The date or dates borne by the bonds;

42           **B.** Whether the bonds are payable upon demand or mature at a certain time or times;

43           **C.** The interest rate or rates of the bonds;

- 3           F. The conversion or registration privileges carried by the bonds;
- 4           G. The rank or priority of the bonds;
- 5           H. The manner of execution of the bonds;
- 6           I. The medium and place or places of payment;
- 7           J. The terms of redemption of the bonds, with or without premium;
- 8           K. The manner secured; and
- 9           L. Any other characteristics of the bonds.

10           **5. Price sold.** The bonds may be:

- 11           A. Sold at not less than par at public sales held after notice has been published in a
- 12           newspaper of general circulation in the area of operation and in any other medium of
- 13           publication that the authority designates;
- 14           B. Exchanged for other bonds on the basis of par; or
- 15           C. Sold to the Federal Government at private sale at not less than par. If less than all
- 16           of the authorized principal amount of the bonds is sold to the Federal Government,
- 17           the balance may be sold at private sale at not less than par at an interest cost to the
- 18           municipality that does not exceed the interest cost to the municipality of the portion
- 19           of the bonds sold to the Federal Government.

20           **6. Signatures of outgoing officers; negotiability.** If an official of the authority

21           whose signature appears on a bond or coupon issued under this article ceases to be an

22           official before the bond is delivered, the signature is nevertheless valid for all purposes as

23           if the official had remained in office until the delivery. Notwithstanding contrary

24           provisions of law, bonds issued under this article are fully negotiable.

25           **7. Bond recitation; conclusive presumptions.** In actions or proceedings involving

26           the validity or enforceability of a bond issued under this article or the security for that

27           bond, a bond reciting in substance that it has been issued by the authority in connection

28           with an activity is conclusively deemed to have been issued for that purpose and the

29           activity is conclusively deemed to have been planned, located and carried out in

30           accordance with this article.

31           **8. No personal liability; not debt of State.** Neither the trustees of the authority nor

32           the person executing the bonds is liable personally on the bonds by reason of the issuance

33           of the bonds.

- 34           A. The bonds and other obligations of the authority must have stated on their face
- 35           that they are not a debt of the State and that the State is not liable on the bonds.
- 36           B. The bonds or obligations may not be payable out of funds or properties other than
- 37           those of the authority acquired for the purposes of this article.

1           **9. Bonds as legal investments.** Public officers, municipal corporations, political  
2 subdivisions and public bodies; banks, trust companies, bankers, savings banks and  
3 institutions, building and loan associations, savings and loan associations, investment  
4 companies and other persons carrying on a banking business; insurance companies,  
5 insurance associations and other persons carrying on an insurance business; and  
6 executors, administrators, curators, trustees and other fiduciaries may legally invest  
7 sinking funds, money or other funds belonging to them or within their control in bonds or  
8 other obligations issued by the authority under this article. These bonds or other  
9 obligations are authorized security for all public deposits. It is the purpose of this section  
10 to authorize persons, political subdivisions and officers, public or private, to use funds  
11 owned or controlled by them for the purchase of these bonds or other obligations. This  
12 section does not relieve a person of any duty or of exercising reasonable care in selecting  
13 securities.

14           **10. Investment of funds; redemption of bonds.** The authority may:

15           A. Invest in property or securities in which savings banks may legally invest funds  
16 subject to their control, funds held in reserves, sinking funds or funds not required for  
17 immediate disbursement; and

18           B. Cancel its bonds by redeeming them at the redemption price established in the  
19 bonds or by purchasing them at less than redemption price.

20           **§13090-V. Interest of public officials, trustees or employees**

21           **1. Acquisition of interest.** A public official, trustee or employee of the authority  
22 may not acquire or hold a direct or an indirect financial or personal interest in:

23           A. An authority activity;

24           B. Property included or planned to be included in the authority properties; or

25           C. A contract or proposed contract in connection with an authority activity.

26           When an acquisition is involuntary, the interest acquired must be disclosed immediately  
27 in writing to the board of trustees of the authority, and the disclosure must be entered in  
28 the board's minutes.

29           **2. Present or past interest in property.** If a public official, trustee or employee of  
30 the authority presently owns or controls, or owned or controlled within the preceding 2  
31 years, a direct or an indirect interest in property known to be included or planned to be  
32 included in an authority activity, that public official, trustee or employee must disclose  
33 this fact immediately in writing to the board of trustees of the authority and the disclosure  
34 must be entered in the board's minutes.

35           **3. Recusal.** The public official, trustee or employee of the authority with an interest  
36 in a property may not participate in an action by the authority affecting that property.

37           **4. Violation.** A violation of this section is a Class E crime.

1           **§13090-W. Exemption from execution**

2           **1. Property exempt from execution.** The property, including funds, of the  
3 authority is exempt from levy and sale by virtue of an execution. An execution or other  
4 judicial process may not be issued against the authority's property, and a judgment against  
5 the authority may not be a charge or lien upon its property.

6           **2. Construction; limitation of application.** This section does not:

7           A. Prohibit the authority from making payments in lieu of taxes to the State; or

8           B. Apply to or limit the right of an obligee to foreclose or otherwise enforce a  
9 mortgage of the authority or to pursue remedies for the enforcement of a pledge or  
10 lien given by the authority on its rents, fees, grants or revenues.

11           **§13090-X. Termination of the authority**

12           The authority is not dissolved until:

13           **1. Legislature provides for termination.** It is terminated by the Legislature; and

14           **2. Payment of bonds, premiums and interest.** The bonds, premiums, if any, and  
15 interest have been paid or a sufficient amount for the payment of the bonds and interest to  
16 maturity or a prior redemption date have been irrevocably set aside in trust for the benefit  
17 of the bondholders.

18           **§13090-Y. Annual report**

19           **1. Annual financial report.** The authority shall submit annually to the Governor,  
20 the Executive Director of the Legislative Council and the joint standing committee of the  
21 Legislature having jurisdiction over economic development matters, not later than 120

26           B. An accounting of the authority's receipts and expenditures, assets and liabilities at  
27 the end of its fiscal year;

28           C. A listing of all property transactions pursuant to section 13090-R;

32           F. A listing of any bonds issued during the fiscal year under section 13090-P;

33           G. A statement of the authority's proposed and projected activities for the ensuing  
34 year; and

35           H. Recommendations regarding further actions that may be suitable for achieving the  
36 purposes of this article.
