## 22 SUMMARY

23 This amendment replaces the bill and is the minority report of the committee.

24 Part A amends the rate review process for individual health insurance. It requires  
25 advance review and prior approval of individual health insurance rates. It requires the  
26 Superintendent of Insurance to hold a hearing if a filing proposes an increase in rates in  
27 individual health insurance plans. It requires the Superintendent of Insurance to  
28 disapprove premium rates unless the minimum medical loss ratio satisfies the statutory  
29 requirements for individual health plans. The changes apply to individual health plan rate  
30 filings submitted to the Department of Professional and Financial Regulation, Bureau of  
31 Insurance beginning with the 2022 plan or policy year.

32 Part B makes changes to the rating provisions for individual and small group health  
33 insurance plans to reduce the rating band for age and to require that the ratio on the basis  
34 of geographic area is 1.5 to 1 and that the ratio for age and geographic area may not  
35 exceed 2.5. These changes reinstate the rating provisions in place before the enactment  
36 of Public Law 2011, chapter 90. Part B also prohibits the use of tobacco as a rating factor.  
37 The changes apply to all individual and small group policies issued or renewed on or after  
38 January 1, 2022.
