7 (2) After being requested or signaled to stop by a law enforcement officer in  
8 uniform, operating or attempting to operate an all-terrain vehicle, snowmobile or  
9 watercraft at a reckless rate of speed.

10 **Sec. 2. 12 MRSA §10703, sub-§1**, as enacted by PL 2003, c. 414, Pt. A, §2 and  
11 affected by c. 614, §9, is amended to read:

12 **1. Blood or breath test.** If the law enforcement officer has probable cause to  
13 believe a person hunted wild animals or wild birds or operated or attempted to operate a  
14 watercraft, snowmobile or ATV while under the influence of intoxicating liquor, then the  
15 officer shall inform the person that a breath test will be administered, unless, in the  
16 determination of the officer, it is unreasonable for a breath test to be administered, in  
17 which case a blood test must be administered. ~~When a blood test is required, the test may~~  
18 ~~be administered by a physician of the accused's choice, at the request of the accused and~~  
19 ~~if reasonably available.~~ The law enforcement officer may determine which type of breath  
20 test, as described in subsection 5, will be administered.

21 **Sec. 3. 12 MRSA §10703, sub-§2**, as affected by PL 2003, c. 614, §9 and

26 chemical tests at the direction of the law enforcement officer, that person is committing a  
27 civil violation for which the person may be required to pay a fine of up to \$500. The  
28 officer shall also inform the person that the failure to comply with the duty to submit to a  
29 chemical test is admissible in evidence against that person at any trial for hunting or  
30 operating under the influence of intoxicating liquor or drugs or a combination of liquor  
31 and drugs.

32 Test results may not be excluded as evidence in any proceeding before any administrative  
33 officer or court of this State as a result of the failure of the law enforcement officer to  
34 comply with these prerequisites. The only effects of the failure of the officer to comply  
35 with the prerequisites are as provided in subsection 7.

36 **Sec. 4. 12 MRSA §10703, sub-§4, ¶B**, as amended by PL 2009, c. 447, §11, is

39 of the arrest had an alcohol level in excess of 0.05 grams of alcohol ~~or more~~ but less  
40 than 0.08 grams of alcohol per 100 milliliters of blood or 210 liters of breath, it is

1 relevant evidence, but it is not to be given prima facie effect in indicating whether or  
2 not the defendant was under the influence of intoxicating liquor within the meaning  
3 of this section, but that fact may be considered with other competent evidence in  
4 determining whether or not the defendant was under the influence of intoxicating  
5 liquor.

11 ~~enforcement officer, may draw a specimen of blood to determine an alcohol level or~~  
12 ~~drug concentration of a person who is complying with the duty to submit to a~~  
13 ~~chemical test. Only a physician, registered physician's assistant, registered nurse or~~  
14 ~~person whose occupational license or training allows that person to draw blood~~  
15 ~~samples may draw a specimen of blood for the purpose of determining the blood-~~  
16 ~~alcohol level or the presence of a drug or drug metabolite. This limitation does not~~  
17 ~~apply to the taking of breath or urine specimens. When a person draws a specimen of~~  
18 ~~blood at the request of a law enforcement officer, that person may issue a certificate~~  
19 ~~that states that the person is in fact a duly licensed or certified person as required by~~

22 ~~certificate, when duly signed and sworn to by the person, is admissible as evidence in~~  
23 ~~any court of the State. It is prima facie evidence that the person was duly licensed or~~  
24 ~~certified and that the person followed the proper procedure for drawing a specimen of~~  
25 ~~blood for chemical testing, unless, with 10 days' written notice to the prosecution, the~~

2 This bill amends certain laws governing snowmobiles and watercraft to make them  
3 consistent with laws governing all-terrain vehicles. Specifically, this bill:

4 1. Extends to operators of snowmobiles and watercraft certain penalties that apply to  
5 violations applicable to operation of all-terrain vehicles that result in the mandatory  
6 revocation of a license;

7 2. Updates the laws concerning operation of a recreational vehicle while under the  
8 influence to more closely mirror the laws governing operation of a motor vehicle while  
9 under the influence;

10 3. Extends the general prohibition against the fraudulent acquisition or possession of  
11 licenses and permits issued by the Department of Inland Fisheries and Wildlife to also  
12 apply to registrations and repeals specific prohibitions that are therefore unnecessary;

13 4. Exempts from registration fees motorboats used for governmental purposes and  
14 owned and operated in the State by the Federal Government, the State or a political  
15 subdivision of the State;

16 5. Specifies that, for purposes of the laws governing recreational vehicles, a motor  
17 vehicle is not a snowmobile; and
