This bill does the following.

1. It amends the process for applying for a Department of Education diploma by requiring that the responsible school apply on behalf of a student who has experienced one or more education disruptions on request. The student's parent or guardian or a student who is over 18 years of age may still apply directly to the Department of Education, and the school must assist the student in the application process.

2. It provides that the Commissioner of Education must award a Department of Education diploma to a student who has experienced homelessness or has been in foster care who meets certain criteria and may not require that student to provide additional information or be interviewed.

3. It provides that a secondary school must award a diploma to a student who has experienced homelessness or foster care placement if the student meets specified criteria.

4. It provides that the responsible school for a student whose education disruption is due to multiple transfers or homelessness or foster care placement must compile for the student partial and full credits received by the student to date, provide priority enrollment in classes in which the student has received partial credit and immediately enroll the student in classes or programs to close gaps between the compilation of credits by the student and the credits typically earned by the student's peers.

5. It requires the responsible school to provide an adult mentor to students who experience education disruption due to homelessness or foster care placement to facilitate transition into the school.

6. It requires that if the responsible school determines that a student who experiences education disruption will not be able to graduate by the end of the student's 4th year of secondary school, the responsible school must provide the student information regarding a Department of Education diploma and apply on behalf of the student or assist the student in making the application.
