3 **SUMMARY**

4 This amendment increases from 2 to 4 the number of public members of the
5 commission appointed by the President of the Senate and includes a representative of
6 statewide agricultural interests and one that is in the building trades. It also increases
7 from 2 to 4 the number of public members appointed by the Speaker of the House and
8 includes one that is a residential developer and one that is a low-income or middle-
9 income renter or homeowner. It provides that, instead of being required to appoint a
10 public member representing a regional planning association, the Speaker of the House is
11 required to appoint a public member representing a regional planning association or a
12 statewide organization that advocates for smart growth policies and projects. Lastly, it
13 requires that the report be submitted to the Joint Standing Committee on Labor and
14 Housing instead of to the entire Legislature.

Legislative Cost/Study

The general operating expenses of this study are projected to be \$2,250 in fiscal year 2020-21. An estimated \$6,190 is available in fiscal year 2020-21 in the Legislature's budget for legislative studies as well as balances carried over from prior years for this purpose. Whether these amounts are sufficient to fund all studies will depend on the number of studies authorized by the Legislative Council and the Legislature. The additional costs of providing staffing assistance to the study during the interim can be absorbed utilizing existing budgeted staff resources.

Fiscal Detail and Notes

Additional costs to the Maine State Housing Authority and the Office of the Governor to serve on the commission can be absorbed within existing budgeted resources.
