This amendment eliminates the provision requiring a health insurance carrier to reimburse an out-of-network provider for the provider's charge if the difference between the provider's charge and carrier's median network rate is less than \$750 with respect to surprise medical bills or bills for covered emergency services rendered by an out-of-network provider. The bill amends the provision. The amendment prohibits an out-of-network provider from initiating the dispute resolution process for a health care service for a period of 90 days following a determination by an independent dispute resolution entity of a fee for that same health care service.
