5 **1. Respite Care Fund; purpose.** The Respite Care Fund, referred to in this section
6 as "the fund," is established in the department and administered by the department for the
7 purpose of providing short-term respite care for persons with Alzheimer's disease and other
8 dementias. This respite care may include short-term in-home care, nursing or residential
9 care facility stays, hospital or adult day care or home modifications. The department also

16 care to consumers determined eligible under this section in accordance with rules adopted
17 by the department. An eligible family caregiver may choose annually to receive either
18 services provided under the program or the family caregiver credit. If an eligible family
19 caregiver chooses to receive the family caregiver credit, the department, or its designee,
20 shall certify to the Department of Administrative and Financial Services, Maine Revenue
21 Services by January 15th each year beginning in 2022 that the family caregiver is eligible

33 representatives of area agencies on aging, consumers, family caregivers, providers of in-
34 home and community support services, nursing facilities, residential care services and
35 advocacy organizations for the elderly. The department shall submit an annual report no

37 section 5122.

38 **4. Transfer of funds from the Respite Care Fund.** By August 1, 2022 and annually

SUMMARY

2 This bill expands the role of the Department of Health and Human Services with
3 respect to the Respite Care Fund to include services for family caregivers. It provides a
4 refundable income tax credit of \$2,000 for certified family caregivers and permits eligible
5 family caregivers to choose to receive services or a tax credit. It requires the department,
6 by routine technical rulemaking, to prescribe the details of eligibility for family caregiver
7 services and the tax credit within the context of the Respite Care Fund and the National
8 Family Caregiver Support Program. The bill requires the department to establish a
9 stakeholder group to assist in carrying out the purposes of the family caregiver program,
10 evaluating the effect of the program and assisting with the compilation of an annual report.
11 The bill requires that revenue losses to the General Fund attributable to the family caregiver
12 income tax credit be reimbursed from the Respite Care Fund and provides that aggregate
13 expenditures under the Respite Care Fund may not exceed \$5,000,000 annually excluding
14 existing funds and federal revenue.
