**SUMMARY**

This amendment, which is the majority report of the committee, changes the title of the bill and does the following.

- 1. It removes from the bill the provision authorizing the Public Advocate to legally accept funds from sources other than an assessment on utilities for the purpose of carrying out the Public Advocate's statutory duties.
- 2. It retains the provision in the bill that changes the title of the Business Services Manager position to Senior Assistant to the Public Advocate to clarify that a person in the position may perform duties aside from business-related duties.
- 3. It requires the payment of a filing fee to the Office of the Public Advocate by an applicant for approval of a reorganization by the Public Utilities Commission, not to exceed 3/100 of 1% of the total transaction value of the reorganization, to be expended by the Public Advocate in representing the interests of consumers in the reorganization proceeding or conducting public outreach to inform consumers about the proceeding.
- 4. It requires that, in the case of a petition for approval by the Public Utilities Commission of the erection of a transmission line capable of operating at 69 kilovolts or more, the person filing the petition must pay to the Office of the Public Advocate a filing fee equal to 3/100 of 1% of the estimated cost to erect that transmission line, to be expended by the Public Advocate in representing the interests of consumers in the petition proceeding or conducting public outreach to inform consumers about the proceeding. Under current law, the filing fee in such cases to be paid to the Office of the Public Advocate is equal to 2/100 of 1% of the estimated cost to erect such a transmission line.
