22 provider's license in the delivery of the covered service or procedure. Consistent with
23 reasonable medical management techniques specified under the health maintenance
24 organization's contract with respect to the method, treatment or setting for a covered service
25 or procedure, the health maintenance organization may not discriminate based on the
26 chiropractic provider's license. This subsection does not require a health maintenance
27 organization to accept all chiropractic providers into a network or govern the
28 reimbursement paid to a chiropractic provider, except as provided in subsection 4.

29 **Sec. 6. 24-A MRSA §4236, sub-§4** is enacted to read:

30 **4. Copayments; coinsurance.** A health maintenance organization contract may not

34 same service or procedure provided by a primary care provider in the health maintenance
35 organization's provider network. A profession-specific manipulation code may not
36 authorize a copayment or coinsurance requirement that exceeds the copayment or
37 coinsurance requirement for an evaluation and management service when performed by a
38 primary care provider in the health maintenance organization's provider network.

39 **Sec. 7. Application.** The requirements of this Act apply to all individual and group
40 policies, contracts and certificates issued for delivery, continued or renewed in this State
41 on or after January 1, 2022. For purposes of this Act, all contracts are deemed to be
