7 providers of child care services at step 3 and step 4 under subsection 3 to increase the

14 department shall ensure that any contracts issued are granted to providers of child care  
15 services under this subsection that prioritize the following at-risk populations:

16 A. Infants, toddlers and preschool children up to 4 years of age receiving or who have  
17 received child protective services;

19 System as defined in Title 20-A, section 7001, subsection 1-A;

20 C. Infants whose parents are participating in a substance use disorder treatment  
21 program;

22 D. Infants whose parents are or have been homeless in the preceding 6 months; and

23 E. Infants in geographic areas of the State where parents have few opportunities to  
24 secure high-quality infant care.

25 The department shall submit an annual report to the joint standing committee of the  
26 Legislature having jurisdiction over health and human services matters no later than  
27 January 1st of each year, beginning in 2022, describing the use of contracts pursuant to this  
28 subsection. The report must include the number of contracts, the percentage of block grant  
29 funding used for the contracts and the number, grouped by paragraphs A to E, of at-risk  
30 children.
