SUMMARY

17 This amendment replaces the bill, which is a concept draft. The amendment designates
18 certain motor vehicle offenses as secondary offenses, stating that they may be enforced
19 only if a law enforcement officer has detained the operator of a motor vehicle for a
20 suspected violation of another law. An operator is not subject to a penalty for the secondary
21 offense unless the operator is required to pay a fine for the primary violation. The motor
22 vehicle offenses to which the amendment applies are: operating after suspension for
23 nonpayment of a fine; failing to register a vehicle if the vehicle was registered and the
24 registration has been expired for fewer than 150 days; operating a defective vehicle if the
25 inspection certificate has been expired for fewer than 7 months and there is no imminent
26 safety problem clearly visible; obstructing the view of the operator by hanging an object
27 from the rearview mirror; operating a vehicle with the windows or windshield obscured, as
28 by tinting or applying reflective material to the glass; operating a vehicle that is not
29 equipped with a muffler that prevents excessive or unusual noise; improperly displaying a
30 registration plate, if the registration plate is visible; improperly displaying a registration
31 plate, if the registration plate is visible but not legible due to mud, snow or inclement
32 weather; failing to have a proper registration lamp; and operating a vehicle in violation of
33 the traffic lane requirements.
