1           **Emergency preamble. Whereas,** acts and resolves of the Legislature do not  
2 become effective until 90 days after adjournment unless enacted as emergencies; and

3           **Whereas,** the State is currently in a prolonged state of emergency and a global  
4 pandemic has decimated certain industries such as live entertainment; and

5           **Whereas,** the health of these affected industries is crucial because they are major  
6 industries in the State, contributing substantially to the state economy and representing tens  
7 of thousands of jobs; and

8           **Whereas,** many of these industries were not able to operate profitably, if at all, in  
9 2020 and are unable financially to wait until the economy returns to normal and may fail  
10 or go out of business in the near future, especially if the adverse effects of the pandemic  
11 last throughout the remainder of this year; and

12           **Whereas,** many performers and other workers who produced or supported live  
13 entertainment are of modest means and are suffering financially by not receiving work or  
14 revenue during the state of emergency; and

15           **Whereas,** in the judgment of the Legislature, these facts create an emergency within  
16 the meaning of the Constitution of Maine and require the following legislation as  
17 immediately necessary for the preservation of the public peace, health and safety; now,  
18 therefore, be it

19           **Sec. 1. Department of Economic and Community Development to create**  
20 **and administer fund to provide live entertainment venue, performer and**  
21 **worker and public art recovery grants. Resolved:** That the Department of  
22 Economic and Community Development shall create and administer a fund, referred to in  
23 this resolve as "the fund," to operate a program to provide live entertainment venue,  
24 performer and worker and public art recovery grants, referred to in this resolve as "the  
25 program." The sources of funds for the fund are any funds derived from the Federal  
26 Government through stimulus or relief measures to counter the effects of the pandemic  
27 related to coronavirus disease 2019, or COVID-19, that are received by the State in 2021  
28 and are eligible to be used for the purposes of the program, funds appropriated by the State  
29 and funds from any other public or private sources. The purpose of the program is to  
30 compensate eligible businesses, performers and workers for revenue and profits lost in  
31 calendar year 2020 as a result of state-directed closures or economic disruptions due to the  
32 restrictions enacted to limit the spread of COVID-19. An application may be made by an  
33 eligible business, performer or worker at any time and the department shall issue grants on  
34 a first-come, first-served basis until the fund is fully depleted.

37 individuals to entertain an audience, including theater, music, other performing arts,

39 or horse or harness racing.

5 services as a live entertainment performer or from producing or supporting live  
6 entertainment.

8 in the program if the business:

9           1. Has a sales and use tax account with the Department of Administrative and Financial  
10 Services, Maine Revenue Services;

11           2. Had revenues and profits in calendar year 2020 that were less than revenues and  
12 profits in calendar year 2019;

14           4. Operates a live entertainment venue located in the State;

15           5. Is current and in good standing with all payroll taxes, sales taxes and state income  
16 taxes;

21 actions regarding COVID-19 prevention checklist requirements of the Department of  
22 Economic and Community Development.

23           **Sec. 3. Performer or worker eligibility. Resolved:** That a performer or worker  
24 who has derived more than \$1,000 in nonemployee income between March 1, 2019 and  
25 February 29, 2020 may participate in the program.

26           **Sec. 4. Allowable business uses of grant funds. Resolved:** That a business  
27 receiving a grant under the program may use the funds for operational or COVID-19-  
28 related expenses including:

30           2. Rent or mortgage payments for business facilities;

31           3. Utility payments;

11 Development to not carry out the purposes of the program.

12           **Sec. 6. Amount of grant; taxable income. Resolved:** That a grant from the  
13 program for a business must be in the amount that the eligible business lost in revenue and  
14 profits in calendar year 2020 determined by gross sales reported to the Department of  
15 Administrative and Financial Services, Maine Revenue Services in calendar year 2020 as  
16 compared with gross sales reported to Maine Revenue Services in calendar year 2019. For  
17 a business not in operation in calendar year 2019, the amount of the grant must be  
18 determined based upon the average loss of revenues and profits for a business of similar  
19 activity, licensing and gross sales. The amount calculated under this section for a business  
20 grant must be reduced by the amount of any grant or forgiven government recovery or  
21 stimulus loan received by the business subsequent to March 1, 2020. The amount of a grant  
22 for a performer or worker is based upon the reported live entertainment nonemployee  
23 income received by the performer or worker between March 31, 2018 and February 29,  
24 2020 that is reported to the Department of Administrative and Financial Services, Maine  
25 Revenue Services. Funds received under the program are reportable income for tax filing  
26 purposes and are subject to audit. The State shall issue a statement of miscellaneous income  
27 to a grant recipient to be included with the grant recipient's state and federal tax filings.  
28 Priority for a business grant under this section must be given to a business under section 2
