Fiscal Detail and Notes

This amendment removes the General Fund appropriations and positions from the bill. The positions and funding to the Department of Environmental Protection (DEP) related to the provisions of this bill are contained in the biennial budget and any additional costs related to the remaining language portions of the bill can be absorbed within existing budgeted resources. As amended, the bill still retains the septage and sludge handling fee and will result in an estimated annual Other Special Revenue Funds revenue of \$1,800,000 in fiscal year 2021-22 and \$3,600,000 in fiscal 2022-23. The bill still includes allocations to allow expenditure of the additional revenue.
