Resolved: That the Department of Economic and Community Development shall create a program and fund to provide grants to movie and stage theaters and music venues within this State that meet the eligibility requirements pursuant to section 2. SUMMARY

This amendment, which is the majority report of the committee, replaces the bill with a resolve. The resolve directs the Department of Economic and Community Development to create and administer a program and fund to provide grants to movie and stage theaters and music venues within this State. The funds for the program come from funds available for the purpose of the program in the federal American Rescue Plan Act of 2021. The department is required to follow guidelines from the United States Department of the Treasury for the use of those funds in creating the program. The eligibility criteria in the bill are changed to remove the 30% decline in ticket sales and replace it with a demonstrated financial loss as a result of the COVID-19 pandemic. It also adds that an applicant is still eligible if a state or local tax lien on record was applied on or after March 15, 2020. The department is required to report to the Joint Standing Committee on Innovation, Development, Economic Advancement and Business by January 15, 2022.
