STATE OF MAINE
SENATE
130TH LEGISLATURE
SECOND REGULAR SESSION

SENATE AMENDMENT "A" to COMMITTEE AMENDMENT "A" to H.P. 1227,
L.D. 1656, "An Act To Promote Energy-efficient Affordable Housing"

Amend the amendment by striking out all of sections 1 and 2 and inserting the following:

Sec. 1. 30-A MRSA §4722, sub-§1, ¶Z-1 is enacted to read:

Z-1. Condition approval of funding of a housing project upon an applicant's compliance with standards and requirements under section 4726;

Sec. 2. 30-A MRSA §4726 is enacted to read:

§4726. Housing design standards and sustainability requirements

1. Housing design standards. The Maine State Housing Authority shall require that construction projects funded by the Maine State Housing Authority meet the standards of at least one of the following:

A. A set of design principles used to attain a quantifiable and rigorous level of energy efficiency within a specific quantifiable comfort level, as determined by a national passive house institute or an international passive house association;

B. A 3rd-party green building certification program that is a globally recognized standard for the design, construction and operation of high-performance green buildings and neighborhoods, as established by a national green building council;

C. A living building program with site, water, energy, health, materials, equity and beauty standards as established by an international institute; or

D. A 3rd-party-recognized certification or state program that is substantially similar to a certification system under paragraph A, B or C and that is approved by the Maine State Housing Authority.

2. Sustainability requirements. The Maine State Housing Authority shall require that construction projects funded by the Maine State Housing Authority:

A. Use all-electric equipment and systems or other non-fossil fuel systems for heating, domestic hot water, cooking and cooling needs. Backup and secondary systems may use other fuels, including fossil fuels;

B. Provide infrastructure for the installation of electric vehicle charging stations for resident parking facilities or provide for electric vehicle charging; or

C. Provide infrastructure for the installation of solar photovoltaic systems and energy storage where appropriate, including providing for sufficient interior space to allow for solar photovoltaic inverters and energy storage.

The Maine State Housing Authority may provide for a limited waiver to the requirements of this subsection for specific and extenuating circumstances where local conditions limit the ability of the construction project to comply with the requirements of this subsection.

3. Rulemaking. The Maine State Housing Authority shall adopt rules to implement this section. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

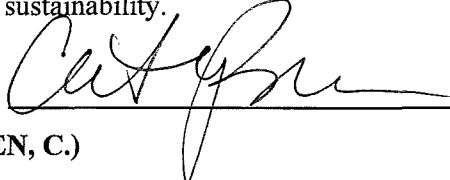

Sec. 3. Rules. No later than January 1, 2024, the Maine State Housing Authority shall adopt rules to implement the Maine Revised Statutes, Title 30-A, section 4726.

Sec. 4. Collaboration. The Maine State Housing Authority shall collaborate with the Efficiency Maine Trust on program incentives to support the affordable implementation of the housing design standards and requirements under the Maine Revised Statutes, Title 30-A, section 4726, as appropriate, within available existing resources.'

Amend the amendment by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment replaces Committee Amendment "A" and requires that the Maine State Housing Authority condition approval of funding of a housing project upon an applicant's compliance with housing design standards and requirements related to energy-efficient design and sustainability.

Appropriations/Allocations				
General Fund	(\$25,000,000)	(\$75,000,000)	\$0	\$0

Fiscal Detail and Notes

This amendment eliminates the General Fund cost of the bill by removing the General Fund appropriations in fiscal year 2021-22 and 2022-23 to the Maine State Housing Authority to provide funding for the construction of energy-efficient affordable housing.

As amended, this bill requires that, no later than January 1, 2024, new construction projects funded by the Maine State Housing Authority meet certain housing design standards and requirements for future readiness. To the extent that the costs for these new construction projects are higher under these requirements than they would have been absent these requirements, the number of construction projects funded by MSHA may be reduced.
