Fiscal Detail and Notes

This legislation increases the amount of funding to support the salary supplements to eligible teachers who attain certification from the National Board for Professional Teaching Standards by directing all revenue collected from teacher certification fees be deposited into the National Board Certification Salary Supplement Fund instead of the \$335,000 that is currently required in statute, resulting in an estimated \$735,000 reduction in General Fund revenue and a corresponding increase in dedicated revenue to the salary supplement fund beginning in fiscal year 2023-24.
