19 **SUMMARY**

20 Current law requires the Department of Health and Human Services to provide
21 reimbursement to hospitals other than critical access hospitals for each day after the 10th
22 day that a MaineCare-eligible individual is in the care of a hospital while awaiting
23 placement in a nursing facility. This bill provides that the department also is required to
24 provide reimbursement to hospitals other than critical access hospitals for each day after
25 the 10th day that a MaineCare-eligible individual is in the care of a hospital while awaiting
26 placement in a residential care facility. The bill removes the provision that repeals the
27 current law on December 31, 2023.
