37 communications and records, including, but not limited to, information concerning the
38 identity of a person seeking or being furnished assistance, connected in any way with the
39 work of a critical incident stress management team, including critical incident stress
40 management peer support persons, are confidential and are not subject to compulsory legal
41 process or otherwise discoverable or admissible in evidence in any civil action unless the
42 confidentiality is waived by the ~~affected person~~ person seeking or being furnished
43 assistance. Statistical data not identifying a the person seeking or being furnished the

1 assistance of a critical incident stress management team must be made available for
2 statistical evaluation and may not be made available for any other purpose.

3 **Sec. 6. 25 MRSA §4203** is enacted to read:

4 **§4203. Critical incident stress management and peer team support services for public**
5 **safety employees**

6 **1. Definitions.** As used in this section, unless the context otherwise indicates, the
7 following terms have the following meanings.

8 A. "Affected person" means a firefighter or employee or member of a provider.

9 B. "Director" means the Director of the Maine Emergency Management Agency within
10 the Department of Defense, Veterans and Emergency Management.

11 C. "Peer team" means a team of employees or members of a public safety agency, fire
12 department or organization involved in emergency care or response that provides peer
13 team support to affected persons and that is trained in accordance with standards
14 established by rule by the director.

15 D. "Peer team support" means the provision of behavioral health resources to an
16 affected person by a peer team for the purpose of addressing issues resulting from stress
17 and trauma associated with being an affected person but not necessarily related to a
18 critical incident.

19 E. "Provider" means a public safety agency, fire department or organization involved
20 in emergency care or response in the State.

21 **2. Critical incident stress management team services.** The director shall ensure that
22 critical incident stress management team services are available to all affected persons,
23 including by:

24 A. Supporting the establishment of a critical incident stress management team for
25 every provider or through a collaboration of more than one provider;

26 B. Providing critical incident stress management team services for every provider that
27 does not have a critical incident stress management team;

28 C. Establishing a program for critical incident stress management training for at least
29 one firefighter in every fire department and at least one employee or member of every
30 public safety agency or organization involved in emergency care or response;

31 D. Beginning July 1, 2024 and as part of preservice and in-service training under
32 chapter 341, providing educational, training and promotional programs and materials,
33 including, but not limited to, programs and materials related to trauma, to all affected
34 persons to increase awareness of or provide support for critical incident stress
35 management team services; and

36 E. Providing access to behavioral health care services for all affected persons
37 immediately after a critical incident in which the affected person or provider has
38 provided care, response or services.

39 **3. Peer team support services.** The director shall ensure that peer team support
40 services are available to all affected persons.

1 educational, training and promotional programs and materials, including programs and
2 materials related to trauma; providing access to behavioral health care services after a
3 critical incident; and providing peer team support for providing behavioral health resources
4 for issues not necessarily related to a critical incident. The bill also requires the director to
5 designate a full-time employee of the Maine Emergency Management Agency to oversee
6 implementation of these services. The bill also requires public safety agencies, fire
7 departments and organizations involved in emergency care or response to have at least one
8 person who has received critical incident stress management training and to provide
9 education and access to ongoing behavioral health care services related to any post-
10 traumatic stress resulting from a critical incident.
