Committee: Energy, Utilities and Technology
Fiscal Note Required: Yes

Fiscal Note

Current biennium cost increase - American Rescue Plan Act (ARPA) Funds

Fiscal Detail and Notes

Resolve 2021, chapter 168 required the Department of Economic and Community Development (DECD) to make payments to utilities that the utilities would then credit to the accounts of eligible customers for energy rate relief payments. DECD utilized funds from the American Rescue Plan Act (ARPA) of 2021 that had been allocated to the department in Public Law 2021, chapter 483 to provide the relief payments. This bill provides that a customer is eligible for an energy rate relief payment even if that customer did not receive a February 2022 invoice from an electric utility. According to DECD, the cost of this provision is estimated to be \$200,000. The department has sufficient ARPA funds available to support the additional payments and no General Fund appropriations are required.
