29 **SUMMARY**

30 This bill makes technical changes to the State's marine resources laws. It eliminates
31 the Aquaculture Monitoring, Research and Development Fund, which is no longer
32 capitalized. It clarifies language regarding the requirement for a license holder to have the
33 license holder's license, elver transaction card and photo identification in the license
34 holder's possession when engaging in licensed activities. It also removes an existing
35 exception to holding a seaweed permit when selling seaweed that has detached naturally
36 and is dead.
