3. Allocation of pharmacy services support funding. Each federally qualified health center may apply for funds made available pursuant to subsection 1, paragraph D by providing the department with a budget and plan for developing or improving pharmacy services and access to affordably priced prescription drugs for its patients. The department shall allocate available funds equitably among all applicants based on the cost-effectiveness and feasibility of the proposed development or improvement of patient access to affordably priced prescription drugs and the availability of other pharmacy services in the areas served by a federally qualified health center applying for funds. In developing criteria for awarding available funds, the department shall consult with and consider the recommendations of a statewide association of federally qualified health centers. Any available funds not awarded in fiscal year 2024-25 must be deposited in a nonlapsing account from which awards may be made in subsequent fiscal periods for the purposes set forth in subsection 1, paragraph D.'

SUMMARY

This amendment transfers responsibility for administration and distribution of the grant program established in the bill from the Office of Affordable Health Care to the Department of Health and Human Services. The amendment also adds language directing the department to consider the availability of other pharmacy services in the areas served by a federally qualified health center applying for grant funding when making decisions to allocate funds to applicants.
