Amend the bill by relettering or renumbering any nonconsecutive Part letter or section number to read consecutively.

SUMMARY

This amendment, which is the majority report of the committee, replaces the bill and changes the title. Under current law, a new health care facility other than a nursing facility must obtain a certificate of need before it is established if it requires a capital expenditure of more than \$3 million. The amendment increases that threshold amount to \$7.5 million and also requires that, beginning January 1, 2027 and annually thereafter, the Commissioner of Health and Human Services update the threshold amount for review to reflect the change in the United States Department of Labor, Bureau of Labor Statistics
