## STATEMENT OF FACTS.

Mattanawcook Academy is located in Lincoln Village, Penobscot County. There were in attendance at the last Fall term 78 scholars. The Institution is the only one in that vicinity offering facilities to those desiring a higher grade of education than is taught in the common schools. During the last two years aid has been rendered by the State to the amount of \$300 per year.

The annual income of the Institution is \$132, besides the amount received for tuition. On account of the debt contracted in making repairs on the building it will be impossible to maintain this school without further aid from the State. No part of the amount asked for will be expended for any other purpose except to pay instructors.
