These sums are the sums which have been hitherto appropriated for the purposes stated. There are three buildings, and the State has made an annual appropriation of \$3,500 for each building.

One man cannot attend to the care of steam and hot water heating, the stock, the cultivation of a sufficient garden and, as needed, the conveyance and custody of the girls. The sum of \$500 was appropriated for the year 1901 and the same for the year 1902 to provide additional help and ordinary repairs. The same amount is asked for for the next two years.

The Board of Trustees consist of six persons. They are allowed for their services "their actual expenses and two dollars a day, when actually employed." The sum of five hundred dollars has hitherto been appropriated, and is needed, for their expenses and compensation.
