NEW DRAFT.

SEVENTY-FOURTH LEGISLATURE

SENATE.

No. 259

STATE OF MAINE.

RESOLVE in favor of the Maine Industrial School for Girls,
for water supply and grading.

Resolved, That there be and hereby is appropriated to be
2 paid the Maine Industrial School for Girls the sum of two
3 thousand dollars for the year nineteen hundred nine for
4 providing for a suitable water supply; also the sum of five
5 hundred dollars for the year nineteen hundred nine and five
6 hundred dollars for the year nineteen hundred ten for grad-
7 ing and draining the grounds and the construction of road-
8 ways.

STATEMENT OF FACTS.

The water supply of the institution is limited and uncertain. In times of drought a water famine impends and the school has to be put on a short allowance of water. This has been done the past season. The sum asked for is to provide a sure supply.

The sums asked for grading and draining and construction of roads are to complete the work of grading the grounds, finishing a roadway now partially built and surfacing the service yards.
