SEVENTY-FOURTH LEGISLATURE

SENATE.

No. 441

STATE OF MAINE.

IN THE YEAR OF OUR LORD ONE THOUSAND NINE
HUNDRED AND NINE.

AN ACT to amend Chapter 4, Section 43, Revised Statutes,
relating to duties of town clerks.

Be it enacted by the People of the State of Maine, as follows :

Section 1. Section forty-three of chapter four of the Re-
vised Statutes is hereby amended by inserting after the word
“state” in the second line thereof the words ‘and the State
auditor,’ so that said section shall read as amended,

‘Section 43. When a town treasurer is elected and quali-
fied, the clerk shall communicate his name to the treasurer
of State and the State auditor ; and no city, town or planta-
tion shall receive any money from the treasurer of State un-
til the name of its treasurer has been so communicated.’

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is essential for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent data collection procedures and the use of advanced analytical techniques to derive meaningful insights from the data.

3. The third part of the document focuses on the role of technology in data management and analysis. It discusses how modern software solutions can streamline data collection, storage, and processing, thereby improving efficiency and accuracy.

4. The fourth part of the document addresses the challenges associated with data management, such as data quality, security, and privacy. It provides strategies to mitigate these risks and ensure that the data remains reliable and secure throughout its lifecycle.

5. The fifth part of the document concludes by summarizing the key findings and recommendations. It stresses the importance of a data-driven approach in decision-making and the need for continuous monitoring and improvement of the data management process.
