SEVENTY-SIXTH LEGISLATURE

HOUSE

NO. 78 A

STATE OF MAINE

Statement of Facts accompanying Resolve in favor of the
Maine Pomological Society. (House Doc. No. 78)

The Maine State Pomological Society is an organization which has done much for the bettering of fruit conditions in the State since 1873. It has grown to such an extent that it stands well in comparison to other such societies and at the present time is at a point where the membership is sure to increase rapidly.

Holding as it does an annual meeting and Fruit Show to incite the fruit interests and for the education of the public it is doing much for the welfare of the State.

The income for the carrying on of this work is limited and the field for the work almost unlimited. To make this work even more successful than it has been in the past State aid is herein requested.
