STATE OF MAINE

---

RESOLVE, in favor of aiding the town of Kingman in repairing a bridge in said town across the Mattawamkeag River.

---

*Resolved:* That there be and hereby is appropriated the  
2 sum of three hundred and fifty dollars (\$350) to aid the  
3 town of Kingman in repairing a bridge across the Matta-  
4 wamkeag river, provided that the town of Kingman appro-  
5 priates the sum of three hundred and fifty dollars (\$350)  
6 for, the same purpose; both sums to be expended under the  
7 supervision of the State Highway Department.

### STATEMENT OF FACT.

This bridge was built by the town of Kingman in 1897 across the Mattawamkeag River and is one span of three hundred feet in length, and is on the main public thoroughfare in said town. It is absolutely necessary that it be replanked, repainted, and the broken parts replaced and much other work of a general character be done upon the structure to render it safe for public travel. The town of Kingman is largely in debt, and assessments are high and taxes burdensome, and the town is absolutely unable to make the necessary repairs. The bridge in its present condition is deemed unsafe and rapidly growing worse, and will soon become dangerous for use by the traveling public.
