2 sum of fifty thousand (\$50,000) dollars or so much thereof
3 as may be necessary to reimburse the city of Bangor to-
4 wards the repair and erection of a building in that city for

STATEMENT OF FACTS

Chapter 239, Public Laws of 1919, provides that any city or town in which a National Guard unit is located or it is proposed to locate one may petition the Armory Commission under the provisions of this Act for plans and specifications and approval of a site on which to erect a building to be used as an armory and that the Armory Commission shall approve suitable plans and location for such a building and shall furnish plans and specifications for the same. The Act further provides that the State shall reimburse said city or town toward the cost of erection of such a building or buildings to fifty per cent of the cost but in no case to exceed a sum greater than fifty thousand (\$50,000) dollars, provided that a deed of the property is deposited with the Secretary of State.

Bangor notified the Armory Commission that it intends to take advantage of this provision of the law and has requested approval of a site and plans for erecting such a building. .
