STATE OF MAINE

IN THE YEAR OF OUR LORD ONE THOUSAND NINE HUNDRED
AND THIRTY.

An Act to Revise, Codify and Simplify the Fishing Laws
Applying to Inland Waters.

Be it enacted by the People of the State of Maine, as
follows:

Sec. 1. Rules of Construction.

The following rules shall be observed in the construction of this act, and all regulations promulgated in accordance therewith, unless such construction is inconsistent with the plain meaning of the context.

I. Any period beginning or closing on a designated day of the month or year shall include that day.

II. "Brooks" are all running waters except rivers, thoroughfares and streams.

III. "Commissioner" means the commissioner of inland fisheries and game.

IV. "Closed season" means the period during which it is unlawful to fish for or take any fish.

V. "Closed waters" are inland waters in which it is unlawful to fish for or take fish at any time.

VI. "Council" means the advisory council of the inland fish and game department as established by chapter thirty-eight, section five of the revised statutes of 1930.

VII. "Creel limit" is the maximum number and weight of fish which may be lawfully taken or possessed by one person in any one day unless the last fish taken shall cause the combined weight to exceed the total weight permitted.

VIII. The word "family" means the group comprised of the husband, wife and their dependent children.

IX. "Game fish" shall include sea salmon, landlocked salmon, trout, togue, white perch and black bass.

X. "The general fishing law" means the provisions of sections one to eighty-two inclusive of this act, and all amendments and additions which may subsequently become law.

XI. The words "great ponds" mean those ponds and lakes of more than ten acres surface.

XII. "Fly fishing" means casting with unbaited, artificial flies in the ordinary manner, and not with baited hook or sunken flies.

XIII. "Inland waters" shall include all waters within the state above tide water.

XIV. "Open season" means the period during which it is lawful to fish for, take and possess fish under the limitations provided by law.

XV. "Open waters" are inland waters in which it is lawful to fish under the limitations and restrictions provided by law.

XVI. The word "person" shall be construed to include a body corporate, a partnership or an association.

XVII. The terms "ponds" and "lakes" are synonymous.

XVIII. "Regulations" means any rules or regulations issued by the commissioner of inland fisheries and game as permitted by law.

XIX. The term "resident" as used in this act shall include legal voters of the state, persons possessing all qualifications of legal voters except age, and unnaturalized foreign born persons who have resided in the state for two years continuously and are tax payers upon real estate. All others are "non-residents."

XX. "Rivers" are the larger water courses generally known as such by custom, description, usage or law.

XXI. "Salmon" shall include sea salmon and landlocked salmon.

XXII. "Season opening" shall mean that time after April first when the water fished in is free from ice from natural causes.

XXIII. "Size limit" is the minimum length of the species of fish designated which may be lawfully retained after taking.

XXIV. "Streams" are outlets of great ponds, and are

tributary to rivers, thoroughfares and other streams.

XXV. A "thoroughfare" is the outlet, other than a river, of one great pond entering another great pond.

XXVI. "Town," unless otherwise indicated, includes town, city or plantation.

XXVII. "Tributary" means a brook or stream flowing directly or indirectly into a lake or pond, or into another brook or pond, but one great pond or lake shall not be construed as a tributary to another great pond or lake.

XXVIII. "Unorganized townships" includes all lands not within the limits of an organized town, city or plantation.

Sec. 2. Regulations, Commissioner and Council authorized to establish.

Authority to establish, alter, amend and repeal regulations further limiting the times, places and circumstances that fish may be fished for and taken in inland waters as provided by the general fishing law, is hereby vested in the commissioner with the approval of the advisory council. Regulations may be promulgated by the commissioner after approval of the council within five days after the adjournment of the meetings of the council provided for in section ten, and shall become effective on the first days of December and April following promulgation.

Sec. 3. Regulations, who may petition for.

A majority of the municipal officers of the town or towns in which the waters to be affected lie, or a majority of the county commissioners, if the waters lie in unorganized townships, may file a petition with the commissioner for regulations limiting the times, places and circumstances that fish may be fished for and taken.

Sec. 4. Closing dates for filing petitions for regulations.

Closing dates for filing petitions provided for in section three shall be August first and January first. Hearings shall be held after notice given in accordance with regulations established by the commissioner and council.

Sec. 5. Members of advisory council to sit with commissioner at hearings.

The chairman shall designate not less than three mem-

bers of the council to sit with the commissioner at hearings upon petitions filed as provided in section three, who shall report their findings with recommendations to the council.

Sec. 6. Regulations may be made on motion of the commissioner and council.

The commissioner and council may, on their own motion after hearing, establish, alter, amend and repeal regulations as authorized by section two.

Sec. 7. Copies of regulations, where filed.

The commissioner shall forthwith after promulgation of any regulation file a copy certified by him with the Secretary of State, and with the clerk of courts of the counties in which affected waters are situated.

Sec. 8. Regulations to be printed in March and November.

The commissioner shall cause to be printed in the months of March and November all regulations promulgated by authority of the preceding sections.

Sec. 9. Regulations to have force and effect of law.

All regulations promulgated by the commissioner in accordance with the foregoing sections shall have the force and effect of law.

Sec. 10. Advisory council, meetings and compensation of.

For the purpose of approving regulations to be established by the commissioner, the council shall meet on the last Tuesdays of October and February. Members of the council attending hearings as provided in section four, and meetings of the council in accordance with this section, shall each receive for the time actually employed the sum of five dollars per day and their travelling and all other necessary expenses.

Sec. 11. Emergency regulations provided for.

Whenever the petitioners as provided in section three satisfy the commissioner that a grave emergency exists which demands immediate action in order to avoid irreparable depletion of fish in any inland water, the commissioner may, after hearing, promulgate an emergency regu-

lation further limiting the times, places and circumstances that fish may be fished for and taken in such water. Notice of such hearings shall be given by the commissioner by publication three times in each daily newspaper in the state, the last publication to be at least three days before the time of hearing. No such emergency regulation shall take effect until it has been published in full by the commissioner three times in each daily newspaper in the state, certified copies filed as provided in section seven and the waters affected have been conspicuously posted with notices of the particular regulation applying thereto. Emergency regulations shall remain in effect only until the first day of December or April, first following promulgation.

Sec. 12. Fishing licenses required.

No resident over the age of eighteen years, or non-resident of whatever age, shall fish for or take any fish in inland waters, or transport any fish so taken unless he has in his possession a fishing license issued to him as provided in section thirteen or fourteen, except that any resident or his family may fish in open waters, without possessing a license, on land owned by him, on which he is actually domiciled, and which is exclusively used for agricultural purposes.

Sec. 13. Resident fishing licenses, issuance.

The commissioner shall issue to any resident a resident fishing license upon the payment of a fee of sixty-five cents. A combination resident hunting and fishing license may be issued by the commissioner upon the payment of one dollar and fifteen cents.

Sec. 14. Non-resident fishing licenses, issuance.

The commissioner shall issue non-resident fishing licenses of three classes:

1. A thirty day license, upon the payment of a fee of three dollars and fifteen cents, which shall be effective for thirty days from its date.

2. A junior season license to non-residents under the age of fourteen years, upon the payment of a fee of sixty-five cents.

3. A season license upon the payment of a fee of five dollars and fifteen cents.

A holder of a thirty day license may exchange the same at any time prior to December thirty-first following its date for a season license upon payment of a fee of two dollars and fifteen cents and the surrender of his thirty day license.

Sec. 15. Agents for issuance fishing licenses.

The clerks of all towns are hereby designated authorized agents of the commissioner for the issuance of the licenses provided for in sections thirteen and fourteen, and the commissioner may, subject to recall at his pleasure, designate additional agents.

Sec. 16. Disposition of fees by town clerks and agents.

Town clerks and authorized agents of the commissioner shall retain from the fees received for licenses issued the sum of fifteen cents for each, and shall account for and pay over to the commissioner the balance on the first day of each month, and shall accompany their remittance with such report of licenses issued as may be required by the commissioner. The commissioner shall promptly forward all funds received from the issuance of fishing licenses to the state treasurer.

Sec. 17. License to be produced.

Every person requested by any inland fish and game warden, sheriff or his deputy, constable or police officer, chief or member of the state highway police, employee of the inland fish and game department or registered guide, shall exhibit his fishing license while fishing or transporting fish taken from inland waters, or while in possession of fishing tackle on inland waters or in the immediate vicinity thereto.

Sec. 18. Revocation of licenses.

Upon conviction of any violation of the provisions of this act, the commissioner may revoke any fishing license, and upon a second or subsequent conviction shall revoke the fishing license, if any, held by the person so convicted, and shall not issue a fishing license to such person until two years from the end of the calendar year in which the violation occurred.

Sec. 19. Failure to produce license.

Failure to produce a license within a reasonable time when legally required to do so, shall be prima facie evidence of the violation of section twelve.

Sec. 20. Closed season:—Trout, salmon and togue.

There shall be an annual closed season on trout, salmon and togue:

1. On lakes from October first until the season opening.
2. On rivers and thoroughfares from October first until the season opening.
3. On streams from September sixteenth until the season opening.
4. On brooks from August first until the season opening.

Sec. 21. Closed season:—White perch and black bass.

There shall be an annual closed season on white perch and black bass on all inland waters from October first until June twentieth following, except that three black bass may be taken in any one day by fly fishing from June first to June twentieth.

Sec. 22. Closed season:—All species of fish.

In addition to any other provisions of this act there shall be an annual closed season on fish of all species from October first until the opening of the ice fishing season.

Sec. 23. Size limits:—Game fish.

The legal size limit of fish taken from inland waters shall be:

1. Trout:—
 - a. If taken from brooks, streams and rivers, six inches.
 - b. If taken from lakes and ponds, ten inches.
2. Salmon, fourteen inches.
3. Togue, fourteen inches.
4. White perch, six inches.
5. Black bass, ten inches.

Sec. 24. Creel limit:—Trout.

The creel limit on trout, if taken from brooks, shall be twenty-five fish, not to exceed ten pounds in weight.

Sec. 25. Creel limit:—Combination of species.

The creel limit on all game fish except white perch, taken from inland waters other than brooks, unless taken through the ice, shall be fifteen fish of all species, not to exceed fifteen pounds in weight.

Sec. 26. Creel limit:—White perch.

The creel limit on white perch, unless taken through the ice, provided no other species of fish is included, shall be twenty-five fish.

Sec. 27. Creel limit:—Pickerel.

The creel limit on pickerel, unless taken through the ice, shall be fifteen fish, not to exceed fifteen pounds in weight.

Sec. 28. Creel limits:—One only permitted except on pickerel.

One only of the creel limits provided in sections twenty-four, twenty-five and twenty-six, or part thereof, may lawfully be taken. The creel limit on pickerel shall be in addition to any other creel limit.

Sec. 29. Smelts, taking of regulated.

Smelts may be fished for and taken with single hook and line, and by means of dip nets in inland waters open to the taking of game fish as provided in the following sections.

Sec. 30. Creel limit:—Smelts.

The creel limit on smelts taken and had in possession shall be fifty, except as provided in the following section.

Sec. 31. Provision for licensing dealers in smelts.

Upon the payment of such fees and under such conditions as the commissioner and council may establish, the commissioner may issue, suspend and revoke licenses to take, possess or sell smelts for bait purposes only, in quantities not exceeding fifty smelts to any one person. No person not a license holder shall have in his possession more than fifty smelts at any one time.

Sec. 32. Minnows, etc., taking permitted.

Minnows and other fish usually used for bait for fishing in inland waters, except smelts, may be taken in all open waters during open season.

Sec. 33. Permits to take eels, suckers, hornpouts, yellow perch, white fish, cusk and alewives.

The commissioner may grant, modify and revoke permits to take suckers, eels, hornpouts, yellow perch, white fish, minnows, chubs, cusk and alewives by means of eel pots, traps, spears or nets, in inland waters known to be frequented by those fish. Such permits shall be issued under such terms as the commissioner and council may establish by regulations therefor.

Sec. 34. Suckers.

Suckers may be taken with spears during the months of April and May in open waters only.

Sec. 35. Ice fishing, provision for designating waters open to.

The commissioner, by regulations promulgated in accordance with the provisions of sections two to ten inclusive of this act, may designate lakes, ponds and rivers which shall be open to ice fishing for game fish, pickerel, and smelts during the months of February and March.

Such designation may be amended, altered or repealed by the commissioner in like manner.

Fishing through the ice is prohibited in all other inland waters.

Sec. 36. Ice fishing:—Creel limit.

The creel limit for fish taken through the ice shall be:

1. For game fish, five fish not to exceed fifteen pounds in weight.
2. For smelts, thirty fish.
3. For pickerel, fifteen fish.

Sec. 37. Ice fishing:—Number of set lines.

No person shall fish through the ice with more than five set lines at one time, nor shall the members of any one family make use of more than ten set lines at any one time.

Sec. 38. Transportation of fish permitted.

No person shall transport in any one day more fish than his creel limit as established by this act, and no corporation or common carrier shall transport more than said creel limit as the property of one person.

Sec. 39. Transportation of fish by owner authorized.

Game fish and pickerel carried or transported in the possession of the owner shall be plainly labeled with his name and address, and open to view.

Sec. 40. Transportation of fish by carrier regulated.

No person shall cause to be transported by any corporation or common carrier any fish taken from inland waters to any person other than himself at his home, or to a hospital or state institution in the state. Any such shipment, if not accompanied by the shipper, shall have attached thereto a transportation tag issued by the commissioner. Provided, however, that no person shall cause to be transported more than one such shipment of fish under a transportation tag in any one seven days.

Sec. 41. Transportation tags, fees for.

The transportation tags provided for in the foregoing section shall be issued by the commissioner or his agent upon the payment of one dollar and fifteen cents for each tag.

Funds received from the sale of transportation tags shall be disposed of as provided in section sixteen.

Sec. 42. Details of transportation of fish to be endorsed on license.

When any fish taken from inland waters are received by a corporation or carrier for transportation as provided in sections thirty-eight and forty, the license of the non-resident, or of the resident if over eighteen years of age, offering the same for transportation, shall be presented to the agent of the transportation company, who shall endorse upon the back thereof in ink the name of the station from which said shipment is made, the date of shipment, and the weight of each kind of fish shipped. If the license presented and any endorsement thereon shows that the holder of the license is not authorized by law to offer such fish for shipment, such agent shall refuse to accept the same for shipment.

Sec. 43. Fishing for profit prohibited.

No person shall engage in the business or occupation of fishing for salmon, trout, togue, black bass, white perch,

pickerel or smelts in any inland waters above tide waters for gain or hire.

Sec. 44. Sale of fish prohibited.

No person shall directly or indirectly, or by agent, servant or employee, buy or sell any salmon, trout, togue, black bass, white perch, pickerel or smelts. Minnows and other fish usually used for bait, legally taken, may be sold for purposes of bait for fishing only in the state. The foregoing prohibition shall not apply to the sale of smelts for bait purposes by holders of licenses issued as provided in section thirty-one.

Sec. 45. Camps and hotels may serve fish, Limitations.

No proprietor or operator of a public sporting camp, hotel or eating place shall serve, or have in possession for consumption in his establishment, any fish taken from inland waters without first procuring a license as provided in chapter thirty-eight, section ninety-five of the revised statutes of 1930.

Sec. 46. Trawls, spears, etc., prohibited.

No person shall have in possession at any time any spear, trawl or net (except such as are authorized for the taking of suckers, eels, hornpouts and yellow perch, etc., as provided in section thirty-three) other than a landing net, in any camp, lodge or place of resort for hunters or fishermen, or in its immediate vicinity, or on the inland waters, or in their immediate vicinity, in the inland territory of the state.

Sec. 47. Use of explosives, etc., prohibited.

No person shall use any explosive, or any poisonous or stupefying substance at any time for the purpose of destroying any kind of fish, or kill or destroy any kind of fish by means of any explosive, or any poisonous or stupefying substance.

Sec. 48. Use of certain equipment prohibited.

No person, except while fishing, shall fish with more than two lines. No lure shall be used which contains more than two spoons at any time, and in still fishing no lure shall be used which contains more than one hook.

Sec. 49. Seizure and forfeiture of fish, implements and devices.

All fish caught, possessed or transported, and all implements and devices used or possessed in violation of this act shall be seized and forfeited to the state, and disposed of as the commissioner may direct.

Sec. 50. Introduction of fish without permit prohibited.

No person shall introduce fish of any species into any of the waters of the state by means of live fish, or otherwise, except upon written permission of the commissioner therefor.

Sec. 51. Advance baiting prohibited.

No person shall deposit any material in any inland waters for the purpose of luring fish, or for advance bait.

Sec. 52. Outlets of lakes may be screened.

The commissioner may authorize the construction, alteration or removal of fish screens in any inland waters, and shall, upon application, make suitable provision for the passage of logs, lumber and pulpwood in any floatable waters so screened.

Sec. 53. Destruction of fish screens prohibited.

No person shall take up, destroy or injure any fish screen erected by authority of the commissioner.

Sec. 54. Fishing within 500 feet of fish screen may be prohibited.

The commissioner and council may, by regulation, prohibit fishing for and taking fish within not exceeding five hundred feet of any fish screen or fishway erected or to be erected.

Sec. 55. Posting closed waters.

The commissioner shall cause to be posted and maintained suitable warning notices of closed waters in the following instances:

1. Wherever a public highway crosses or is immediately contiguous to closed waters.
2. In reasonable proximity to waters to which special

provisions apply, or contiguous to the approaches to said waters.

Sec. 56. Wilful destruction of warning notices prohibited.

No person shall wilfully mutilate, deface or destroy any notice posted in conformity with the provisions of the preceding section.

Sec. 57. Depositing slabs, edgings, sawdust, oil, etc., in inland waters prohibited.

No person or corporation shall deposit in inland waters, or on the banks thereof in such manner that the same shall fall or be washed into said waters, any slabs, edgings, sawdust, chips, bark, mill waste, shavings or fibrous material created in the manufacture of lumber or other wood products, or so deposit any oil regardless of its source.

Sec. 58. Fish hatcheries and feeding stations, authority to establish and maintain.

The commissioner may establish, enlarge, repair, maintain and operate fish hatcheries and feeding stations for fish in such number and at such places in the state as he deems necessary. He may purchase, lease, take and hold for the state, as for public use, such land and all materials in and upon it, and all rights necessary for the purpose of establishing, enlarging, repairing, maintaining and operating fish hatcheries and feeding stations for fish.

Sec. 59. Fish hatcheries and feeding stations, acquisition of sites for.

If the commissioner is unable to purchase the land, material and rights mentioned in the preceding section at what he deems a reasonable valuation, he may proceed to take the same for public use by the methods provided in chapter twenty-eight, section twelve of the revised statutes of 1930.

Sec. 60. Disposition of land purchased and no longer needed.

The governor and council, on recommendation of the commissioner, may sell and convey on behalf of the state the interests of the state in any property acquired by purchase under the two preceding sections, and deemed no

longer necessary for the purposes thereof, and the proceeds of such sale shall be credited to the propagation fund of the department of inland fisheries and game.

Sec. 61. Provision for protection of fish hatcheries and feeding stations.

The commissioner may cause the destruction of any mink or destructive animal or bird found in or around any fish hatchery or feeding station in the state.

Sec. 62. Taking and transportation of fish for propagation and advertising purposes.

The commissioner may grant permits to take and transport within and beyond the limits of the state, live fish for breeding or advertising purposes, in accordance with regulations established by the commissioner and council.

Sec. 63. Transfer of fish in times of emergency.

The commissioner may direct the taking of fish from inland waters in times of emergency, and their transportation to other inland waters.

Sec. 64. Commissioner may order erection, alteration and repair of fishways.

Whenever the commissioner, after hearing, fourteen days' notice of which shall be given to one or more of the owners or occupants of any dam or artificial obstruction in any inland waters, determines it expedient that migratory fish be provided with a fishway over such dam or obstruction, he may, by order in writing, require the owner or occupant of such dam or obstruction to provide a sufficient fishway, or alter or repair an existing fishway under such conditions and within such time as he may specify in his order, and shall mail to such owner or occupant a certified copy of his order. The commissioner may, after hearing, amend any such order, and may prescribe the time during which said fishway shall be kept open for the passage of fish.

Sec. 65. Remedy if all owners do not join in erecting fishways.

If any owner or occupant of a dam or artificial obstruction in inland waters neglects or refuses to join in propor-

tion to his interest therein in erecting, maintaining, repairing and altering a fishway as ordered by the commissioner, the other owners or occupants, if any, shall do so, and shall have an action on the case against such delinquents for their proportion of the expenses incurred.

Sec. 66. Commissioner may erect and collect for fishways if owners refuse to construct.

If all owners and occupants of a dam or artificial obstruction in inland waters refuse or neglect to comply with any order issued as provided in section sixty-four within the time specified in such order, the commissioner shall cause the provisions of the order to be carried out, and may recover the cost thereof in an action on the case for the benefit of the state against all delinquents for their proportion of the expense, or may proceed against the dam or artificial obstruction and the land on which it stands in any of the ways provided by statutes for enforcement of a lien.

Sec. 67. Removal of useless obstructions in inland waters authorized.

The commissioner, after hearing, fourteen days' notice of which shall be given to the owners or occupants of any obstruction, natural or artificial, in inland waters, which serve no useful or profitable purpose, may cause the same to be removed at the expense of the state. If the residence of the owner or occupant be unknown, notice shall be given by publication in a newspaper published in the county in which the obstruction is located.

Sec. 68. Fish culture preserves may be established.

The commissioner may, after hearing, set apart for a term not exceeding ten years any inland waters for the use of the state or of the United States commissioner of fish and fisheries in the prosecution of the work of fish culture and scientific research relative to fish. Such order shall be recorded in the registry of deeds of the county or registry district in which the waters set apart are situated. In the waters so set apart, the commissioner and the United States commissioner of fish and fisheries, and persons acting under their authority in their respective fish culture and scientific work, may take fish at any time or in any

manner, and may erect and maintain any fixtures necessary for such purposes. All waters so set apart shall be closed waters so long as they are used for the purposes for which they were set apart.

Sec. 69. Appeals from findings of commissioner provided for.

Any person aggrieved by any decision of the commissioner rendered under the provisions of sections sixty-four to sixty-eight inclusive may appeal from the findings the commissioner in the same manner and have the same remedies as provided in chapter fifty-seven, section one hundred seventy-three of the revised statutes of 1930.

Sec. 70. Cultivation of useful fish by individuals.

Any riparian proprietor may, within the limits of his own premises, take water in reasonable amount from (but not enclose) inland waters not navigable, for the cultivation of useful fish; provided that he returns said water, after reasonable appropriation thereof, to the brook or stream from which it was taken, and further maintains such screens and other structures in connection with pipes, canals and other facilities employed in diverting said water, as the commissioner shall from time to time determine and approve, to the end that fish inhabiting or migrating thru said brook or stream shall not be taken or disturbed.

Sec. 71. Taking and sale of fish by owner from private waters permitted.

Any person engaged in the artificial culture and maintenance of fish as provided in section seventy, may take fish from his own enclosed waters wherein the same are cultivated and maintained, at any time and manner, and may at any time, sell, ship or transport them from his own pools or ponds, without accompanying the shipment, provided he first procures a license therefor and tags shipments in accordance with regulations established by the commissioner and council.

Sec. 72. Unlawful enclosure of waters prohibited.

The enclosure of, or the appropriation, except as in section seventy provided, of the public waters of the state

for private fish culture is prohibited and may be abated as a nuisance.

Sec. 73. Waters used for private propagation purposes protected.

No person without permission of the proprietor shall fish in any portion of waters in which fish are artificially cultivated and maintained as provided in section seventy.

Sec. 74. Jurisdiction of commissioner.

The provisions of this act, so far as they relate to fish of all varieties and fishways, apply to fish and fishways in all inland waters. All sea salmon, shad, alewives and smelts that migrate from the ocean into fresh water shall be under the concurrent jurisdiction of the department of sea and shore fisheries and the commissioner wherever found.

Sec. 75. Wardens' fees, collection and disposal of.

Whenever any fines or penalties are imposed by any court in any proceeding for any violation of this act in which a state paid warden or deputy warden is complainant, arresting officer, aid or witness, said court may tax costs for such warden or deputy warden in the usual manner. The magistrate or court official collecting any fine or penalty for any violation of this act, and any costs taxed in accordance with the foregoing sentence, shall transmit the same to the commissioner, who shall pay the same to the treasurer of the state, to be credited to the fish propagation fund established by section seventy-six.

Sec. 76. Fish propagation fund established.

All funds derived from licenses as provided in sections thirteen and fourteen, from the sale of tags as provided in section forty-one, from the sale of seized fish or devices as provided in section forty-nine, and from fines, penalties and fees as provided in section seventy-five, shall be paid over by the commissioner to the treasurer of state and shall constitute a fish propagation fund, to be expended by the commissioner for the sole purpose of the propagation and distribution of fish in inland waters and facilities therefor. Such fund shall not lapse from year to year, but funds

accumulating in any one year may be used in that or any succeeding years for said purposes.

Sec. 77. Highway bridges to be provided with names of waters flowing underneath.

The state highway commission and all municipalities erecting highway bridges over inland waters shall permanently affix thereto, or cause to be embedded therein, the names of the waters over which the bridges are erected, and the name of the town or towns in which located.

Sec. 78. Expiration of permits and licenses.

All licenses and permits issued under the provisions of this act shall expire on December thirty-first following the date of their issue.

Sec. 79. Possession of fishing tackle prima facie evidence of violation.

The possession of any fishing tackle on inland waters or in the immediate vicinity thereto in closed season, or by any person in open season not having in his possession a lawfully issued fishing license, if required to have such license, shall be prima facie evidence of fishing in violation of the provisions of this act.

Sec. 80. Jurisdiction of courts.

Trial justices, police and municipal courts within their counties and counties adjoining thereto shall have, upon complaint, original and concurrent jurisdiction with the superior court in all prosecutions for violations of this act, and all regulations promulgated in accordance therewith.

Sec. 81. Taking of bail, and revocation of licenses of offenders authorized.

Any warden of the department of inland fisheries and game making an arrest for any violation of any provision of this act, at a point more than fifty miles distant from the nearest trial justice, police or municipal court having jurisdiction, may immediately take the prisoner before some bail commissioner, who, before admitting him to bail, shall require him to give his name, his place of residence, the kind and number of his fishing license, and shall make a record thereof on the bail bond, and may take his personal recognizance in the sum of one hundred dollars

for his appearance in court on a specified date; or such warden in like cases may accept the personal recognizance of such person in the sum of one hundred dollars for his appearance as aforesaid. If such person fails to appear in court on the day specified, either in person or by counsel, the court shall notify the commissioner, who shall immediately suspend or revoke any and all licenses and permits held by him, issued under the provisions of this act.

Sec. 82. Penalties.

Whoever violates any of the provisions of this act, or of the regulations promulgated by the commissioner in accordance with this act, shall be fined not exceeding three hundred dollars and costs of prosecution, or imprisoned for not exceeding ninety days, or both.
